Annual Assessment of Gunnison Prairie Dog Conservation Activities on BLM managed lands - FY2004

BLM Planning Unit Name	Identify Town[1]	Estimated Current Occupied Acres		Estimated Unoccupied Potential Acres[2]	Plague[4]		Recreational Shooting[5]		Chemicals
		Acres[2]	Trend[3]		Evidence of Plague (Yes or No)	Total Acres of Town Infected	Estimated Total Acres Closed to Shooting	Yearlong (Y) or Seasonal (S). If (S), give closure dates.	Estimated Acres of Habitat Treated with toxicant
State									
State Totals									

[1] If possible, identify individual BLM towns

[2] Use the estimated potential acres of BLM land.

[3] Use Increasing, decreasing, stable, or unknown for each town. Also, try to give overall trend for BLM lands within each state in the totals row.

[4] Give number of towns on BLM land infected for each planning unit in the totals row.

[5] BLM acres closed by administrative decision or state regulation. If closed indicate Yearlong (Y) or Seasonal (S).
