Dear Sir,

We are writing this in regards to the new management Plan for BLM which states that there will be a 40 acre OHV/ATV recreation area built in a previously disturbed area on the out skirts of Ajo, Az. The area that this is planned for is at the edge of Ajo neighborhoods and these residents (as well as the rest of the town) will be greatly impacted by the dust, the noise, the traffic and ultimate abuse of our precious desert surroundings. This development will bring more of this type of riding to all of the fragile BLM land which surrounds Ajo and will encourage new trails and off road destruction.

How will the areas surrounding this park be patrolled?

Wouldn't this type of park be more well suited to a piece of BLM land closer to Phoenix and that population?

We strive to protect our desert from destruction and are against this type of plan. Please help us to put a stop to it by moving this park to a more suitable area away from Ajo.

Sincerely

[redacted]
