Attachments:	NPS NM LWCF acquisitions 1965-aug 2017.xls

Randy,

here is what I have forwarded through NPS/FWS chain....to do a table that goes back to 1965 by year would take about two or three days. I hope totals will work for your purposes.

Jennifer,

here is the table I was able to create. This is the best I can do at this time. It is totals of acres between today and back to when LWCF funds were first appropriated.
