Bassar Diggins

Bassar Diggins is located on Lookout Mountain between Ontario and Baker City. With its high elevation, it makes for cool summers under the aspen, western larch, and Douglas fir trees. Deer, elk, grouse, and chuckar make Bassar Diggins a great hunting camp. With all the wildflowers in bloom and the wildlife around it is a wonderful place for summer camping. The view from the nearby lookout is well worth the steep road getting there.

Activities:

Facilities: The camping area has 3 sites, vault toilets, picnic table, and shade trees. No potable (drinking) water is available on site. However, spring water is available for animals.

Fees: Bassar Diggins is a free-use area. Maximum stay is 14 days.

Season: June 15 - October 1 (depending on road conditions).
