SUBJECT: PROPOSED SUN VALLEY TO MORGAN 500 TRANSMISSION LINE

Dear Ellen,

I want to take this opportunity to thank you and the BLM for taking the time to work through the issue of relocating the proposed route of this line away from Trilogy at Vistancia in Peoria and along the Route 74.

My wife and I are in total support of the proposed amendment and wish we could be at the public hearing to voice our support for the amended route. We have just moved into our retirement home and the thought of a power line running through our subdivision is incomprehensible.

Please continue your support for the amended route until this issue is finally resolved.

Very truly yours,
