Dear Western Oregon BLM,

168

We have been listening to the new plans to destroy the very little last old growth forests in our beautiful state. How can any thinking person ignore all the warnings about destruction of natural resources whether it be forests, water, air, or soil. Please think about our future in hundreds of years! Do not cut our forests.

Sincerely,

Name: Lila + Tom Creager

Address: 78574 Halderman Rd.
Cottage Grove, OR 97424
