Dear Western Oregon BLM,

199

I am writing to beg of you, please do not go forward with the proposal to open more old growth reserves to logging. I am especially concerned about waterways, and opening streamside old growth reserves is unthinkable. There are so few pristine forests left, please do not sell off the little remaining habitat for wildlife, as well as endangering drinking water and recreation opportunities.

Thanks.

Sincerely,

Name: Elizabeth Woelfl

Address: 44400 Tuckridge Rd
Sandy OR 97055
