Portland, OR 97208

Dear Bureau of Land Management,

I believe the WOPR fails to meet the needs of the people of Oregon. The WOPR is not adequately protecting our environment.

I recomend: 1) the BLM needs to use the NW Forest Plan to meet environmental laws for clean water and wild life 2) creating jobs by restoring former clear cuts 3) using existing roads rather than building more roads to protect the quality of our watersheds 4) do not log our last remaining old growth which is important to wildlife, water quality, recreation and global warming. 5) keep our old growth forest - (it is famous) for people to visit. 6) Do not allow ACEC to be logged.

Sincerely, Carol Cohen
