Reader's Guide xi

Executive Summary xiii

Chapter 1: Introduction

Background 1
Purpose and Need 1
Planning Area 2
Collaboration 4
    Cooperating Agencies 4
    Resource Advisory Council (RAC) 5
Planning Process 5
Scoping and Planning Issues 7
    Issues Addressed 8
    Issues Considered but Not Further Analyzed 9
Planning Criteria 9
    Relationship to BLM Policies, Plans, and Programs 11
Related Plans 13
Policy 18
Vision and Management Goals 18
Draft Resource Management Plan 23
Proposed Resource Management Plan and Final Environmental Impact Statement 23

Chapter 2: Alternatives

Introduction 25
    Mitigation 25
    Guidelines and Best Management Practices 27
Development of the Alternatives 27
    Alternative Components 28
    Overview of the Alternatives 28
Alternatives Considered in Detail 31
    Management Actions Common to All Alternatives 31
    Management Actions Common to Alternatives B, C, and the Preferred Alternative (Alternative D) 35
    Alternative A (Current Management) 37
    Alternative B 39
    Alternative C 41
    Alternative D (Preferred Alternative) 44
Alternatives Considered but Not Carried Forward for Detailed Analysis 46
Summary of Restrictions (Table 2-1) 50
Summary Comparison of Alternatives (Table 2-2) 50
Summary Comparison of Impacts (Table 2-3) 50

Chapter 3: Affected Environment

Natural, Biological, and Cultural Resources

Air Resources 301
Climate 311
Geology 320
Soil Resources 321
Water Resources 325
Vegetative Communities – Rangeland, Riparian, Forest and Woodlands 335
Noxious Weeds and Other Invasive Non-Native Species (Plant and Animal) 340
Wildlife 344
Special Status Species 352
Fish and Aquatics 370
Cultural Resources 372
Paleontological Resources 388
Visual Resources 390
Fire Management and Ecology 391
Wilderness Characteristics 400
Cave and Karst Resources 401
Wild Horses and Burros 401

Resource Uses

Forest and Woodland Products 401
Livestock Grazing 402
Recreation 406
Lands and Realty 409
Minerals 416
Renewable Energy Resources 432

Special Designations

Areas of Critical Environmental Concern 434
National Back Country Byways 436
National Recreation Areas 436
National Historic Trails 436
National Recreation Trails 436
Wild and Scenic Rivers 437
Wilderness Areas 437
Wilderness Study Areas 438

Support

Interpretation and Education 438

Transportation and Facilities

Transportation 439
Facilities 442

Social and Economic

Social Conditions 446
Economics 455

Public Safety

Abandoned Mine Lands 463
Debris Flows 464
Hazardous Materials 465

Chapter 4: Environmental Consequences

Introduction

Introduction 467
General Assumptions 468
Types of Effects 469
How the Summaries of Acres Apply (GIS analysis) 470
Critical Elements 470

Reasonably Foreseeable Development Scenarios

Uranium Potential 471
Gold Potential 473
Cement Grade Limestone Potential 473
Bentonite Mining 473
Other Locatable Minerals 474
Rare Earth Elements 474
Oil and Gas 475
Other Potential Future Oil and Gas Activities 481
Wind Energy Potential Development 482

Impacts to Resources from the Alternatives

Air Resources 486
Climate Change 500
Soil Resources 507
Water Resources 532
Vegetative Communities – Rangeland, Riparian and Wetlands, Forests and Woodlands 557
Noxious Weeds and Other Invasive Species 576
Wildlife 593
Special Status Species 628
Fish and Aquatics 675
Cultural Resources 681
Paleontological Resources 693
Visual Resources 703
Fire Management and Ecology 711

Impacts to Resource Uses from the Alternatives

Forest and Woodland Products 718
Livestock Grazing 722
Recreation 743

Travel Management 753
Lands and Realty 762
Land Use Authorizations 763
Withdrawals 769
Land Tenure Adjustment 770
Minerals 774
Leasable Minerals 774
Locatable Minerals 793
Salable Minerals 797
Renewable Energy (Wind and Solar) 799

Special Designations

Areas of Critical Environmental Concern 808
Fort Meade ACEC 810
Fossil Cycad ACEC 817
Greater Sage-Grouse Protection Priority Areas ACEC 818
National Back Country Byways 819
National Recreation Trails 819
Wilderness 820
Wild and Scenic Rivers 820

Support

Facilities 820

Social and Economic

Social 822
Tribal Issues – Tribal Treaty Rights 823
Environmental Justice 823
Economic 827

Public Safety

Abandoned Mine Lands 838
Debris Flows 839
Hazardous Materials 839

Unavoidable Adverse Impacts 840

Short-Term Uses versus Long-Term Productivity 842

Irreversible and Irretrievable Commitment of Resources 843

Chapter 5: Consultation and Coordination

Introduction 845
Public Participation Opportunities 845
Scoping 845
Consultation and Coordination 846
Plan Distribution 849
List of Preparers 851

Core Team 851
Interdisciplinary Team and Support 852
Management Team 853
Contractor Assistance 853

Bibliography 855

Glossary 877

Index 907

Appendices

A Standards for Rangeland Health and Guidelines for Livestock Grazing Management
B Summary of Best Management Practices (BMPs), Mitigation Guidelines and Standard Operating Procedures (SOPs)
C South Dakota Field Office Mitigation Guidelines
D South Dakota Field Office Reclamation Guidelines
E Oil and Gas Stipulations and Supplementary Information
F Visual Resource Management Classes and Acres by Alternative of Inventoried Values
G South Dakota Field Office Grazing Allotment Allocations
H Grazing Allotment Categorization
I Land Ownership Adjustment Criteria
J Common Riparian Plant Species on BLM-Administered Lands in the SDFO RMP Planning Area
K Screening Criteria Checklist For South Dakota Field Office Ten Year Grazing Permit or Lease Renewals or Transfers
L Recreation Setting Characteristics Class Rating Method
M Recreation Setting Characteristics Matrix Classes
N Soil Monitoring
O Current Facilities at the Fort Meade Recreation Area ACEC and Exemption Area (does not include range improvements)
P Cultural Resources Lease Stipulations for Grazing Leases
Q Range Improvement Summary List for South Dakota Field Office
R Rights-of-Way and Renewable Energy Avoidance or Exclusion Areas by Alternative
S Air Resource Management Plan: *Adaptive Management Strategy for Oil and Gas Resources* and South Dakota Field Office Emission Summaries for Alternatives A, B, C, and D
T Areas of Critical Environmental Concern Nominations and Evaluation of Relevance and Importance Criteria
U Wild and Scenic River Evaluation
V Mitigation Measures and Conservation Actions for Greater Sage-Grouse Habitat
W Monitoring of Sage-Grouse and Sagebrush Habitats

Figures

Chapter 2 Figures

2-1 Areas of Critical Environmental Concern 30
2-2 Firearm Shooting Restrictions and ROW Utility Corridors in the Fort Meade ACEC 33
2-3 Exemption Area: Proposed Travel Management and Special Recreation Management Area Boundaries under Alternatives B, C, and D (Preferred Alternative) 36

Chapter 3 Figures

3-1 Wind Rose for Rapid City, South Dakota (2001-2010) 302
3-2 Ambient Air Quality Concentrations in the South Dakota Planning Area (2009-2011) 304
3-3 Class I Air Quality Areas 309
3-4 Visibility Trends on Haziest and Clearest Visibility Days (2005-2009) 310
3-5 South Dakota Average Daily Temperature (1971-2000) 312
3-6 South Dakota Average Annual Precipitation (1971 through 2000) 313
3-7 Long-Term Historical Temperature and Precipitation Trends 316
3-8 Near-Term Predicted Temperature Increases 317
3-9 Examples of Resource Impacts Due to Climate Change 318
3-10 Planning Area Showing Counties and Their Associated MLRA Designations 323
3-11 Flow Chart for Determining Archaeological Site Use Classification 385
3-12 Example of Applying VRM Considerations 390
3-13 Reasonably Foreseeable Development (RFD) Study Area Showing Basins and Uplifts (shaded gradational boundaries) 418
3-14 Stratigraphic Chart of the South Dakota Study Area with Oil- and Gas-Bearing Zones Indicated 419
3-15 Potential for Occurrence of Oil and Gas within the South Dakota Study Area, 2010 through 2029 (Final - October 7, 2009) 422
3-16 Leased and Unleased Federal Minerals in Parts of the Western South Dakota RFD Study Area 424
3-17 RFD Study Area (SDFO) within the Mapped Areas of Known Coal-Bearing Strata (Final - October 7, 2009) 426
3-18 Example of Temperature-Depth Profiles for Williston Basin and Kennedy Basin 427
3-19 Uranium Resources in South Dakota 430
3-20 SDFO Two Rivers Area (Portions of Meade and Pennington Counties) 443
3-21 Northern Stanley County 444
3-22 Southern Hills Public Land (Portions of Fall River and Custer Counties) 445
3-23 Population Trends 1990-2008 457

Chapter 4 Figures

4-1 Oil and Gas (excluding coalbed natural gas) Development Potential in the RFD Study Area, 2010 through 2029 477
4-2 South Dakota Wind Energy Potential and Existing Transmission Lines 483
4-3 Criteria and Hazardous Air Pollutant Emissions from BLM Sources in the Planning Area 487
4-4 Example of Extent of Area Exceeding the PM_{10} 24-hour PSD Increments during Construction 490
4-5 GHG Emissions in Terms of CO_2e (mtpy) for Each Alternative 503

Tables

Chapter 1 Tables

1-1 BLM-Administered Public Land and Federal Mineral Estate Ownership in the Planning Area 3
1-2 Nine-Step Planning Process 7
1-3 Summary of Plans Guiding Management Directions 12

Chapter 2 Tables

2-1 Summary of Restrictions 53
2-2 Summary Comparison of Alternatives 67
2-3 Summary Comparison of Impacts 177

Chapter 3 Tables

3-1 Prevailing Wind Directions and Average Speeds (mph) for Rapid City, South Dakota 301
3-2 Federal and State Ambient Air Quality Standards 303
3-3 Air Quality Monitoring Stations In or Near the Planning Area 304
3-4 Planning Area Criteria Pollutant Emissions By County 307
3-5 Class I and Potential Sensitive Class II Areas In or Near the Planning Area 308
3-6 Monthly Climate Summary for Rapid City, South Dakota 312
3-7 Estimated Annual GHG Emissions 314
3-8 Sensitive Soil Characteristics within the Planning Area 323
3-9 Aquifers Showing Total Recoverable Groundwater in Western South Dakota 326
3-10 Categories of Drilling Mud Constituents 330
3-11 Impaired Water Bodies on BLM Land in South Dakota 333
3-12 Noxious and Invasive Plants Occurring within the Planning Area 341
3-13 South Dakota Aquatic Nuisance Species of Concern 342
3-14 General Habitat Types on BLM Surface in the Planning Area 345
3-15 Federally Listed Threatened, Endangered, or Candidate Species that May Occur within the Planning Area 354
3-16 Special Status Species that May Occur within the Planning Area 363
3-17 State of South Dakota Rare, Threatened, or Endangered Plants Tracked by the South Dakota Natural Heritage Program (November 2009) 369
3-18 Summary of BLM-Administered Lands Along Prairie River and Stream Fisheries 371
3-19 Summary of BLM-Administered Surface Estate Along Black Hills Streams with Fisheries 371
3-20 Summary of Archaeological Sites on BLM Surface Lands in South Dakota (2008) 373
3-21 Summary of Archaeological Sites on Split-Estate Lands in South Dakota (2008) 373
3-22 Summary of BLM Use Categories 384
3-23 Site Attribute-Based Use Category (Classification Matrix) 386
3-24 Comparison of Fire Management Categories 393
3-25 Fire History by Fire Size Class – Planning Area 1984-2010 394
3-26 Fire Regime Groups and Descriptions 396
3-27 Fire Regime Condition Class (FRCC) Characteristics 397
3-28 Historic Fire Regime and Current Condition Class, Exemption Area (approximately 5,250 acres of BLM land) 397
3-29 Historic Fire Regime and Current Condition Class, Fort Meade Recreation Area (approximately 6,570 acres of BLM land) 398
3-30 Historic Fire Regime and Current Condition Class, Remainder of Planning Area (approximately 263,758 BLM acres) 398
3-31 VRM and RSC Classes 407
3-32 Geothermal Resources Base for South Dakota 428
3-33 New Locatable Mineral Claims Filed in South Dakota 429
3-34 Total Active Mining Claims Found in South Dakota (BLM, USFS, and Private Surface Estate) 431
3-35 NRI Rivers within the Planning Area with Adjacent BLM Land 437
3-36 Demographic Information for the Planning Area Counties 448
3-37 Demographic Information for Indian Reservations and the Counties Where They are Located in Western South Dakota (2009 and 2010) 453
3-38 Selected Economic and Demographic Statistics 456
3-39 BLM-Administered Lands (SD RMP Planning Area) 457
3-40 Average Annual Authorized Livestock Grazing Use (AUMs) Billing Years 1999-2009 458
3-41 Trip Type Segment Shares for Use in Activity Spending Analysis 461
3-42 Non-Local/Local Spending Averages, All Activities, $ Per Party Per Trip 461
3-43 Average Annual Payments to Counties from BLM-Related Uses (11-County Area) 463
3-44 BLM Resource-Related Employment and Income by Major Program Area 463

Chapter 4 Tables

4-1 Bentonite RFD Acreages 474
4-2 Oil and Gas Development Potential in the RFD Scenario 476
4-3 Density of Oil and Gas Wells by Development Potential Category in RFD Study Area (all ownerships) 476
4-4 Projected Oil and Gas Drilling Activity in the Planning Area 480
4-5 Potential Surface Disturbance from Oil and Gas Drilling 480
4-6 Wind Classes and Potential 483
4-7 Existing South Dakota Wind Energy Projects 484
4-8 Summary of Wind Energy Potential Development – Unconstrained 485
4-9 Summary of Wind Energy Potential Development by Alternative 486
4-10 Estimated Maximum Annual Criteria Pollutant Emissions as a Percentage of Existing Emissions 488
4-11 Oil and Gas Activity Near-Field Criteria Air Pollutant Concentration Summary for All Alternatives 489
4-12 Health Effects of Modeled HAP 491
4-13 Acute Short-Term HAP Modeling Results for All Alternatives 491
4-14 Chronic Non-Carcinogenic HAP Modeling Results for All Alternatives 492
4-15 Carcinogenic HAP Modeling Results for All Alternatives 492
4-16 BLM Source Emissions under Alternative A (Current Management) (Tons/Year) 497
4-17 BLM Source Emissions under Alternative B (Tons/Year) 498
4-18 BLM Source Emissions under Alternative C (Tons/Year) 498
4-19 Cumulative Emissions (tpy) 499
4-20 BLM Source GHG Emissions under Alternative A (Current Management) 505
4-21 BLM Source GHG Emissions under Alternative B 506
4-22 BLM Source GHG Emissions under Alternative B 506
4-23 Short-Term Surface Disturbance on BLM-Administered Surface – 20 Year Period (Acres) 508
4-24 Long-Term Surface Disturbance on BLM-Administered Surface – 20 Year Period (Acres) 508
4-25 At-Risk Soils in the Planning Area (Acres) 509
4-26 Soil Resource Management Actions by Alternative 518
4-27 Water Resource Management Actions by Alternative 518
4-28 Wildlife Management Actions by Alternative 519
4-29 ROW Surface Use Stipulations for the Decision Area by Alternative (Acres) 521
4-30 Cumulative Acres Available or Unavailable for Oil and Gas Leasing 522
4-31 Renewable Energy Surface Use Stipulations for Decision Area BLM-Administered Surface by Alternative 523
4-32 Maximum Number of Acres Expected to Receive Long-Term Alteration 530
4-33 Past, Present, and Reasonably Foreseeable Bentonite Mining Permit Acreages in the Planning Area 531
4-34 Riparian Vegetation Protected through Floodplains Stipulation 538
4-35 Fracturing Fluids and Conditions for Use 543
4-36 Fracturing Fluid Chemical Additives 544
4-37 Summary of Cumulative Fluid Mineral Lease Stipulations by Alternative for All RFD Areas (Acres) 594
4-38 Surface Disturbance on BLM Surface by Alternative (Acres) 600
4-39 Anticipated Well Density (wells per mi^2) on BLM Land by Alternative 601
4-40 BLM Surface and Subsurface Acres for Big Game Winter Range in High and Moderate Development Potential Areas by Alternative 605
4-41 Renewable Energy Surface Disturbance on BLM Surface by Alternative (Acres) 634
4-42 VRM Classes by Alternative (Acres) 704
4-43 Range Improvement Projects (Average Acres Disturbed per Project) 723
4-44 Maximum Number of AUMs Expected to Receive Long-Term Alteration 739
4-45 NSO – Floodplains (Acres) 777
4-46 CSU - 30 Percent Slope (Acres) 777
4-47 NSO – Sharp-tailed Grouse and Greater Prairie-Chicken Lek – 1/4 Mile Buffer (Acres) 777
4-48 Timing Limitation – Sharp-tailed Grouse Nesting - Two Mile Buffer (Acres) 777
4-49 Timing Limitation – Big Game Winter Range (Acres) 778
4-50 NSO – Bald Eagle Nests – 1/2 Mile Buffer (Acres) 778

4-51 NSO – Sensitive Raptor Nests – 1/2 Mile Buffer (does not include raptors that are listed as threatened or endangered) (Acres) ... 778
4-52 NSO – Greater Sage-Grouse Leks – 1/4 Mile Buffer (Acres) ... 778
4-53 Timing Limitation – Greater Sage-Grouse – Winter Range (Acres) ... 779
4-54 Timing Limitation – Greater Sage-Grouse Brood Rearing/Nesting Habitat –Two Mile Buffer from Lek (Acres) ... 779
4-55 NSO – Fisheries – 1/4 Mile Buffer (Acres) ... 779
4-56 CSU – 25 Percent Slope (Acres) ... 780
4-57 CSU – Sensitive Soils; Low Restoration Potential (Acres) ... 780
4-58 CSU – Sensitive Soils; Low Fugitive Dust Resistance (Acres) ... 780
4-59 CSU – Sensitive Soils; Combined Low Restoration Potential and Low Fugitive Dust Resistance (Acres) ... 780
4-60 Timing Limitation – Sharp-tailed Grouse and Greater Prairie-Chicken Nesting; – Two Mile Buffer (Acres) ... 781
4-61 NSO – Bighorn Sheep Habitat (Acres) ... 781
4-62 NSO – Raptor Nests (raptors that are not T&E, nor special status species); 1/4 Mile Buffer (Acres) ... 781
4-63 NSO – Bald Eagle Nests; 1/4 Mile Buffer (Acres) ... 781
4-64 NSO – Sensitive Raptor Nests – 1/4 Mile Buffer (does not include raptors that are listed as threatened or endangered) (Acres) ... 782
4-65 NSO – Greater Sage-Grouse Leks Stipulation Outside PPAs in GHAs; 1/2 Mile Buffer (Acres) ... 782
4-66 Timing Limitation - Greater Sage-Grouse Brood Rearing/Nesting Habitat Outside PPAs; Three Mile Buffer from Leks (Acres) ... 782
4-67 NSO – Greater Sage-Grouse PPAs in Alternatives B and D (Acres) ... 783
4-68 NSO – Sharp-tailed Grouse and Greater Prairie-Chicken Lek; 1/2 Mile Buffer (Acres) ... 784
4-69 Timing Limitation – Sharp-tailed Grouse and Greater Prairie-Chicken Nesting; Three Mile Buffer (Acres) ... 784
4-70 NSO – Raptor Nests (raptors that are not special status species); 1/2 Mile Buffer (Acres) ... 785
4-71 NSO – Greater Sage-Grouse Leks in GHAs; One Mile Buffer in Alternative C (Acres) ... 785
4-72 Timing Limitation – Greater Sage-Grouse Brood Rearing/Nesting Habitat Outside PPAs in GHAs; Four Mile Buffer from Leks (Acres) ... 786
4-73 Closed (No Lease) – Greater Sage-Grouse PPAs in Alternative C (Acres) ... 786
4-74 Slope Restrictions (Acres) ... 787
4-75 NSO – Greater Sage-Grouse Leks in GHAs; One Mile Buffer in Alternative D (Acres) ... 788
4-76 Timing Limitation – Greater Sage-Grouse Brood Rearing/Nesting Habitat Outside PPAs; Four Mile Buffer from Leks (Acres) ... 789
4-77 Cumulative Acres of Federal Mineral Estate Available or Unavailable for Oil and Gas Leasing ... 790
4-78 Renewable Energy Rights-of-Way, BLM-Administered Surface Acres in Western South Dakota by Wind Potential Class ... 801
4-79 Renewable Energy Rights-of-Way, Open, Avoidance, and Exclusion Areas on BLM-Administered Surface by Alternative (Acres) ... 801
4-80 Average Annual Federal Mineral Production and Activity by Alternative ... 828
4-81 Employment by Resource Use and Other Contribution to Local Economy by Alternative (Average Annual) ... 832
4-82 Income by Resource Use and Other Contribution to Local Economy by Alternative (Average Annual, $1,000) ... 833
4-83 Federal, State, and Local Revenues by Alternative ($1000) ... 833
4-84 Comparison of Estimated Average Annual Economic Contributions from BLM Land and Mineral Uses ... 834

Chapter 5 Tables

5-1 South Dakota RMP Public Scoping Meetings ... 846
5-2 Meetings with Tribal Governments/Officials on the South Dakota RMP ... 847
5-3 Federally Listed Threatened and Endangered Species or Candidate Species that May Occur within the South Dakota Planning Area ... 848
