October 11, 2011

Dear Penny Woods,

As a concerned resident of the State of UT (UT/NV) and a member of the PAIUTE Tribe I have great concerns about the proposed Pipeline and Right of Way being sought by the Southern Nevada Water Authority. Please select the "No Action Alternative" which is the only option that will protect this beautiful region for future generations.

Here is why:

its land managers & fail to see how a project like this will be approved by your organization - those of us who have lived in the area know the water limits and use our water rights that sustain our way of life conservatively - taking away water from this region will kill the life cycle of all living things in this area. No amount of study water, land or resources will make the r-of-way for this project right - we can't afford to live and learn - a big mistake if this passes cannot be undone -

Sincerely,

Charlotte Lomeli (Signature)
