RECEIVED
JAN 07 2008

Dear BLM,

The purpose of this letter is to contribute my opinion about BLM's WOPR. I do not support clear cutting. I want to see old-growth trees protected, streams protected, and animals and their habitats protected. I do not believe that BLM's WOPR would responsibly care for humans, animals, or the environment. Therefore, I do not support WOPR.

I encourage you to treat environments with care, acting in ways that are healthy and sustainable now and in the future. Please do not follow through with WOPR. I do not believe that WOPR is a healthy, sustainable decision.

Thank you for your time.

Sincerely,

Caitlin Arkens
