Attention RMP Project Manager
I am a current landowner in Fremont County in Wyoming and have been enjoying the Green Mountain ./Crooks Mountain area for hunting and recreation for the last 20 years. I believe it is crucial that the BLM continue to manage most of Green Mountain as an ACEC. I would hope the BLM would pursue a locatable mineral withdrawal to protect the elk herd and all other wildlife in this area. I am a hunter and try and get in this area every year. I would expect management that protects habitat for the Green Mountain elk herd.

Thank you
