Subject Fwd: Lander Draft RMP & EIS

Ms. Yannone,

Not having heard from you, I submit my request again.

I would like a printed copy of the document instead of an electronic version as I have found it quite difficult to do the type of detailed review that we wish to do with an electronic version. I have not had any trouble getting printed versions of these documents from other Wyoming BLM field offices (Worland, Rawlins, etc.) so I look forward to receiving the same excellent service from your office.

I will plan to stop by your office when I'm in Lander. In the meantime, I appreciate your assistance.

Subject: Lander Draft RMP & EIS

Dear Ms. Yannone,

Could you please send me a copy of the Lander Draft RMP and EIS for the Lander Field Office? The Sierra Club would like to review the document and submit comments, and a detailed review of the document is quite difficult using the online document. I would also appreciate knowing when the document is in the mail, so I know when to expect its arrival. Thank you.
