BLM

Just recently I heard about the WOPR program. I bought my home here, at 600 Crooks Crk. Road, over 15 years ago. It was so beautiful — Near the lovely BLM Land, untouched & welcome to hike on, or been ride horses. Quit pleasures, not like the terrible noise from off road vehicles. Also, talking about taking some of the beautiful trees, for ~~for~~ lumber. That would so ruin the beauty for so many people. Not only property owner.

I am now 90 years of age. My doctors are amazed at how well I am, and very alert, they say I am doing as well as some one 20 years younger. If I have to see the destruction of the land I have come to love, in the next few years, it will certainly destroy the peace and comfort I have found here.

Please consider all messages, People so anxious, that you not consider following this program, at this time. Sincerely yours,

Arline Kramer Day
