BLM W. OR. Plan Revisions office

I am writing to Respond with public openion on opening a larger % of BLM land To Log Old Growth.

Yes, I Believe This is an Excellant opertunity To Boost The Economy - I Know Here in Douglas County Where I Sell R.V.'S - and The Majority of my Customers are Directly linked To The Local logging industry. Boosting Their Income will Put Money IN To The Community, Local Banks which in turn can be loaned to Those Struggling with adjustable Mortgages or people Needing a Home. and Boost The Housing Market also which will Help us all. My Income is Down 16% over 06 + 30% over 05.

This proposal is a W.W W.W Situation and Im all for it as is 90% of The local population.
