JAN 11 2008

To BLM,

I am writing this letter to express my concern regarding the Western Oregon Plan Revision. I hope that you will take the oppisition I'm sure you have been recieving seriously and give my and other's opinions the thought it desserves.

I feel that this increase in logging and the loss of protection over our old growth forests worrisome at the very least. If this plan were to go into effect it would be tragic not only to our environment to our society as well. We are already dangerously close to ruining our planet beyond the hope of repair and anything that adds to this distructive behavior should be stopped.

We have the power to choose the kind of world we want to live in and the kind of world we want to leave behind. It is my hope and I'm sure your's as well that we leave behind a beautiful and prosperous earth, not a planet ready to collapse.

Before you pass this plan take a minute and think about the impact it will have on the planet, and decide whether that is truely the legacy you want to leave.

Thank You For Listening,

Maia Sakradse

P.S.: Please write back.
