Dear State Director of Geospatial Services F. David Radford,

Dear Bureau of Land Management ("BLM"),

Threats posed by sulfide-ore copper mining are real in the watershed of such a sensitive and important area!!! I strongly support the proposed mineral withdrawal to protect the watershed of the Boundary Waters Canoe Area Wilderness ("Boundary Waters"). Priceless and irreplaceable, the Boundary Waters must not be put at risk of perpetual pollution from the most toxic industry in America. I urge the BLM to protect the Boundary Waters from the threat of endless sulfide-ore copper mining pollution. Thank you for the opportunity to comment.

Sincerely,
Jo Walter
