Revising the BLM's Resource Management Plans in Western Oregon

WESTERN OREGON PLAN REVISIONS

I understand the problems with the erosion and destruction of the hillside when it comes to dirtbikes. However, with designated areas to ride we can keep damage to a minimum. The more restricted these areas become the more risk you are taking. We are always going to have dirtbikes and we will continue to ride. I hope you can keep a area for us. I fear that otherwise land will be ridden all over if we have no where else to go!

Thank you and please support responsable land use
