Dear State Director of Geospatial Services F. David Radford,

Dear Bureau of Land Management,

My name is Aidan Mailley and I am an Eagle Scout from Washington DC. In scouting we go on high adventure trips the most common ones are Philmont Scout Ranch in New Mexico, Sea Base in Florida, and Northern Tier on the Boundary Waters on Minnesota.

Currently, the potential of a copper mine is threatening the existence of the Boundary Waters, something that has brought so much joy to the Boy Scouts of America as well as thousands of other travelers.

Please, do not allow for the creation of this copper mine and allow the next generation of scouts benefit from the beauty of Minnesota as my crew did.

Sincerely,
Aidan Mailley
