Dear State Director of Geospatial Services F. David Radford,

Dear Bureau of Land Management ("BLM"),

Woah woah woah... You cannot take away our unadulterated skies, our pristine natural waters, and our right to these things. Preservation of the natural world must be a priority, and one the supersedes any economic desires to exploit the environment.

I urge the BLM to protect the Boundary Waters from the threat of endless sulfide-ore copper mining pollution. Thank you for the opportunity to comment.

Sincerely,
Sophia Olup
