Dear State Director of Geospatial Services F. David Radford,

I am writing with regards to the proposed mineral withdrawal to protect the watershed of the Boundary Waters Canoe Area Wilderness.

My family and I have been blessed to experience the Boundary Waters beauty several times and destroying this natural phenomenon would be a tragedy.

I am urging the BLM to withdraw the acres of national forest lands to protect the Boundary Waters from the threat of endless sulfide-ore copper mining pollution.

Thank you for taking the time to read and have a happy holiday!

Sincerely,
Mourad Berrached
