Subject: Request for Nominations for California's Total Maximum Daily Load Training, NTC Course 1703-24

DD: 3/3/06

The California State Office in conjunction with the National Training Center (NTC) is requesting your registration for Total Maximum Daily Load Training, NTC Course 1703-24. This course is listed in DOI Learn at the NTC website: www.ntc.blm.gov. Go to Course Catalog, Catalog, Browse Catalog and then Environmental Regulations and Planning. Scroll down to the course name to register.

This course covers; statutes, regulations, executive orders and other laws and authorities;- interagency relationships/responsibilities; water quality standards; waters of the US; waters of the state; impaired waters (Section 303d List of the Clean Water Act); EPA guidance on TMDL's; TMDL plans; and case studies of impaired waters.

Course Objectives include becoming familiar with the laws, regulations and executive orders that apply to non-point source pollution; being able to identify management activities for which permits are required and activities for which permits are not required; and to provide case studies for sites with Total Maximum Daily Load (TMDL) requirements for discussion.

Target Audience are employees with AML, HazMat, Soil, Water and Air responsibilities; Environmental Coordinators and Planners; and Managers and Supervisors.

Dates: March 21 – 22, 2006
Times: 8:00 am – 5:00 pm
Location: CASO – Sacramento, California
Room: C1001 and C1002

Please register at NTC online through DOI Learn by March 3, 2006.

Salary, travel and per diem are to be paid by your home office. You are responsible for finding your own lodging and transportation. If you have any questions regarding this class, please call John Key, CASO HazMat Program Lead, at 916-978-4384, Lenore Thomas, CASO Soil, Water, Air Program Lead, at 916-978-4655 or Linda Costa, Course Coordinator, at 602-906-5574.
