Dear State Director of Geospatial Services F. David Radford,

Dude I have so much to say but I'm too angry to put it into words. We don't need this. We absolutely don't need this. We're killing off everything we can and for what? Protect this land. Please. I'm tired of living in unprecedented historical lifetime events that can be traced back to the selfishness of people.

Protect this. I'm against the mine.

Sincerely,
Anthony Humphreys
