EMS TRANSMISSION: 06/21/2006
Information Memorandum No. **CA-2006-028**

To: All Field Offices

From: Deputy State Director, External Affairs

Subject: Key Contacts/Elected Officials in California

As promised at the State Management Team, External Affairs has completed an addition to BLM-California's intranet that we think will assist you in continuing to enhance your working relationships with the broad range of elected officials in the State.

If you go to BLM's intranet and click on External Affairs at <http://web.ca.blm.gov/exaffairs/index.htm> you'll now have a choice on the left-hand side called Key Contacts. Not only can you find rapid links to all cities, counties, assembly, senate, congressional, and U.S. Senate names, addresses and websites, you will be pleased to see when you open each of these sites (with the exception of cites) to find a choice in a bright red box of seeing **only the elected officials within your particular field office.**

This new feature will not only allow you to keep up to date with the 58 board of supervisors (300 individual board members), 80 members of the assembly, 40 members of the state senate, 53 members of Congress, and the numerous offices of our two U.S. Senators, but should provide your staffs and public contact personnel current information to share with the public.

We hope you find this enhancement useful. Please feel free to provide us any suggestions and feedback on how Key Contacts works for you and your staffs. If you have other ideas on enhancements we can make to our webpages both internally and externally, please don't hesitate to let us know.
