Dear State Director of Geospatial Services F. David Radford,

Dear Bureau of Land Management,

Honestly just because y'all are going to die soon, doesn't mean the planet should too. Corporations need to stop being special snowflakes that need to make everyone else suffer just because they're upset. They need to spend some time outdoors and in nature, maybe they'll feel better, and actually come back to our reality.

Thank you for the opportunity to comment.

Sincerely,
Cole S
