INDEX **X-33**

MAPS

Map 1. Sonoran Solar Energy Project location and surrounding land ownership.

Map 2. Sonoran Solar Energy Project facilities under the Proposed Action.

Map 3. Generation Tie Line Option and proposed gen-tie line.

Map 4. Sonoran Solar Energy Project facilities under Sub-alternative A1: Photovoltaic

Map 5. Sonoran Solar Energy Project facilities under Alternative A: Reduced Water (dry-cooled CST).

Map 6. Sonoran Solar Energy Project facilities under Alternative B: Reduced Footprint

Map 7. Floodplains and mapped drainages in a portion of the surface water analysis area.

Map 8. Sonoran Solar Energy Project Area and air quality analysis area.

Map 9. Sonoran Solar Energy Project Area and cultural resources analysis area.

Map 10. Sonoran Solar Energy Project Area, geology and minerals analysis area, subsidence areas, and geologic units.

Map 11. Land ownership and jurisdictions in relation to the Sonoran Solar Energy Project.

Map 12. Waste disposal facilities and access roads in relation to the Sonoran Solar Energy Project.

Map 13. Sonoran Solar Energy Project Area and land use and access analysis area in relation to existing land use and special designations.

Map 14. Sonoran Solar Energy Project Area and transportation and traffic analysis area.

Map 15. Sonoran Solar Energy Project Area, noise analysis area, and noise-sensitive receptors.

Map 16. Potential fossil yield classification in the Sonoran Solar Energy Project Area.

Map 17. Regional context of the Sonoran Solar Energy Project for the socioeconomics analysis.

Map 18. Potential environmental justice populations at the census-block level in relation to the Sonoran Solar Energy Project.

Map 19. Soil complexes and units in the Sonoran Solar Energy Project Area.

Map 20. Vegetation communities in the Sonoran Solar Energy Project Area and in the invasive and noxious plant species analysis area.

Map 21. Key observation points and viewshed in the visual analysis area in relation to the Sonoran Solar Energy Project - Proposed Action.

Map 22. Key observation points and viewshed in the visual analysis area in relation to the Sonoran Solar Energy Project - Sub-alternative A1: Photovoltaic

Map 23. Interim VRI Scenic Quality Rating Units.

Map 24. Interim VRI Sensitivity Level Rating Units.

Map 25. Interim VRI Distance Zones.

Map 26. Surface-water flow directions in a portion of the surface-water analysis area.

Map 27. Rainbow Valley Sub-basin (groundwater analysis area) in relation to the Sonoran Solar Energy Project Area.

Map 28. Gravity survey and exploratory borings and wells in relation to the Sonoran Solar Energy Project Area.

Map 29. Wildlife linkages, sightings, and habitat in relation to the Sonoran Solar Energy Project Area.

Map 30. Cumulative effects assessment area (CEAA) Part 1 of 2.

Map 31. Cumulative effects assessment area (CEAA) Part 2 of 2.

Map 32. Reasonably foreseeable actions (RFA) - next 30 years.

APPENDICES

Appendix A. Response to Comments on the Draft EIS
Appendix B. Consultation Letters
Appendix C. Registered Wells in the Rainbow Valley Sub-basin
Appendix D. Specific Capacity and Estimated Aquifer Transmissivity Rainbow Valley Sub-basin
Appendix E. Potential Presence of Special-status Wildlife in the Project Area
Appendix F. Groundwater Drawdown, Well Registration Identification, and Water Use Tables (after 5 and 30 years of pumping at 1,429 and 1,862 gpm)
Appendix G. Cumulative Groundwater Drawdown, Well Registration Identification, and Water Use Tables (after 30 years of pumping at 1,429 and 1,862 gpm)
Appendix H. Visual Simulations
Appendix I. Burrowing Owl Relocation Analysis
