Other Access / Uses

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Administrative Uses	Historical Vegetation Treatment Area	☒	☐	☐

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Administrative Uses	Historical Vegetation Treatment Area	☒	☐	☐
Administrative Uses	Historical Vegetation Treatment Area - Proximate (within 1/2 mile)	☒	☐	☐
Administrative Uses	Wildlife Water / Guzzler	☒	☐	☐
Commercial Ranching Facility	Key Area	☒	☐	☐
Commercial Ranching Facility	Fence	☒	☐	☐
Commercial Ranching Facility	Ranching Facilities / Range Improvements / Range Developments Numerous ranching facilities.	☒	☐	☐
Mining	Sub-Surface - Non-Federal Mineral Only	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **Yes**

Resource/Concern	Specifically	Direct	Indirect
Ecoregion	Colorado Plateau - Great Basin - Shivwitts Plateau	☒	☐
Ecoregion	Colorado Plateau - Plains Grassland - Clayhole	☒	☐
Ecoregion	Mojavean - Mojave-Great Basin Transition - Whitmore	☒	☐
Monument	In or Through Grand Canyon-Parashant National Monument	☒	☐
Other Plants	AGFD Plant - Proximate (within 1/2 mile)	☒	☐
Recreation Opportunity Spectrum (ROS)	Semi-Primitive Motorized	☒	☐
Special Status Species	Penstemon	☒	☐
T&E	Plant(s) - Outside Proximate (outside 1/4 mile)	☒	☐
T&E	Plant(s) - Proximate (within 1/4 mile)	☒	☐
Trumbull beardtongue (SS)	Proximate (within 1/2 mile)	☒	☐

Avoidance, Minimization or Mitigation of Impacts

Can the impacts to the above sensitive resources be avoided, minimized or mitigated? **Yes**

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Campground - Unofficial - Single Party Site	☒	☐	☐
Camping	☒	☐	☐
Hunting	☒	☐	☐
Staging / Parking	☒	☐	☐
Views / Vistas / Scenic Overlooks / Sightseeing / Scenery / Point of Interest / Photography	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Commercial / Administrative Uses	Yes
Private Property Access	No
Public Uses	No
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **Yes**

Resource/Concern	Specifically	Direct	Indirect
Ecoregion	Mojavean - Mojave-Great Basin Transition - Grand Canyon	☒	☐
Ecoregion	Mojavean - Mojave-Great Basin Transition - Whitmore	☒	☐
Monument	In or Through Grand Canyon-Parashant National Monument	☒	☐
Recreation Opportunity Spectrum (ROS)	Primitive	☒	☐
Recreation Opportunity Spectrum (ROS)	Semi-Primitive Motorized	☒	☐
Sensitive Species	Polygon	☒	☐
Sensitive Species	Rare Plant - Proximate (within 1/8 mile)	☒	☐
T&E	Plant(s)	☒	☐
T&E	Plant(s) - Outside Proximate (outside 1/4 mile)	☒	☐
T&E	Plant(s) - Proximate (within 1/4 mile)	☒	☐
Trumbull beardtongue (SS)	In or Through	☒	☐
Trumbull beardtongue (SS)	Proximate (within 1/2 mile)	☒	☐
Wilderness / Wilderness Characteristics	Other Agency / Citizen Proposed	☐	☒

Avoidance, Minimization or Mitigation of Impacts

Can the impacts to the above sensitive resources be avoided, minimized or mitigated? **Yes**

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
OHV / OHV Touring	☒	☐	☐
Touring (General / ATV / OHV / etc.)	☒	☐	☐
Views / Vistas / Scenic Overlooks / Sightseeing / Scenery / Point of Interest / Photography Overlook to Grand Canyon.	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Commercial / Administrative Uses	No
Private Property Access	No
Public Uses	Yes
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Administrative Uses	Monitoring Site(s)	☒	☐	☐
Commercial Ranching Facility	Key Area	☒	☐	☐
Commercial Ranching Facility	Ranch / Ranching / Range	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **Yes**

Resource/Concern	Specifically	Direct	Indirect
Ecoregion	Colorado Plateau - Great Basin - Shivwitts Plateau	☒	☐
Monument	In or Through Grand Canyon-Parashant National Monument	☒	☐
Recreation Opportunity Spectrum (ROS)	Semi-Primitive Motorized	☒	☐
Wilderness	In or Through Andrus Point	☒	☐
Wilderness / Wilderness Characteristics	Other Agency / Citizen Proposed	☐	☒

Avoidance, Minimization or Mitigation of Impacts

Can the impacts to the above sensitive resources be avoided, minimized or mitigated? **Yes**

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Hunting	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Commercial / Administrative Uses	Yes
Private Property Access	No
Public Uses	No
Other	No

Potential Route Designations

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Commercial Ranching Facility	Reservoir(s) Unfenced	☒	☐	☐
Commercial Ranching Facility	Tank(s) Water storage tank	☒	☐	☐
Commercial Ranching Facility	Spring (within 1/4 mile)	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **Yes**

Resource/Concern	Specifically	Direct	Indirect
Ecoregion	Mojavean - Mojave-Great Basin Transition - Whitmore	☒	☐
Monument	In or Through Grand Canyon-Parashant National Monument	☒	☐
Recreation Opportunity Spectrum (ROS)	Primitive	☒	☐
Recreation Opportunity Spectrum (ROS)	Semi-Primitive Motorized	☒	☐
Sensitive Species	Rare Plant - Proximate (within 1/8 mile)	☒	☐
Sensitive Species	Rare Plant(s)	☒	☐
Wilderness	In or Through Lava	☒	☐
Wilderness / Wilderness Characteristics	Other Agency / Citizen Proposed	☐	☒

Avoidance, Minimization or Mitigation of Impacts

Can the impacts to the above sensitive resources be avoided, minimized or mitigated? **Yes**

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Recreation / Recreation Access.	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Commercial / Administrative Uses	Yes
Private Property Access	No
Public Uses	No
Other	No

Potential Route Designations

Additional Information:

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Administrative Uses	Historical Vegetation Treatment Area	☒	☐	☐
Administrative Uses	Historical Vegetation Treatment Area - Proximate (within 1/2 mile)	☒	☐	☐
Commercial Ranching Facility	Reservoir(s) Unfenced; Livestock reservoir.	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **Yes**

Resource/Concern	Specifically	Direct	Indirect
Ecoregion	Colorado Plateau - Great Basin - Uinkaret Plateau	☒	☐
Monument	In or Through Grand Canyon-Parashant National Monument	☒	☐
Recreation Opportunity Spectrum (ROS)	Primitive	☒	☐
Wilderness	In or Through Mount Logan Wilderness	☒	☐
Wilderness / Wilderness Characteristics	In	☒	☐
Wilderness / Wilderness Characteristics	Other Agency / Citizen Proposed	☐	☒

Avoidance, Minimization or Mitigation of Impacts

Can the impacts to the above sensitive resources be avoided, minimized or mitigated? **Yes**

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Recreation / Recreation Access.	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources?	**No**
The route is utilized for the following:	
Commercial / Administrative Uses	Yes
Private Property Access	No
Public Uses	No
Other	No

Potential Route Designations

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Commercial Ranching Facility	Range Development - Pipeline	☒	☐	☐
Commercial Ranching Facility	Ranching Facilities / Range Improvements / Range Developments	☒	☐	☐
Mining	Sub-Surface - Non-Federal Mineral Only Access to	☒	☐	☐
Mining	Historical Mine Site / Mining	☒	☐	☐
Property Access	Private Property Access to	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **Yes**

Resource/Concern	Specifically	Direct	Indirect
Ecoregion	Colorado Plateau - Great Basin - Shivwitts Plateau	☒	☐
Ecoregion	Mojavean - Mojave-Great Basin Transition - Whitmore	☒	☐
Monument	In or Through Grand Canyon-Parashant National Monument	☒	☐
Other Plants	AGFD Plant - Proximate (within 1/2 mile)	☒	☐
Recreation Opportunity Spectrum (ROS)	Semi-Primitive Motorized	☒	☐
Recreation Opportunity Spectrum (ROS)	Semi-Primitive Nonmotorized	☒	☐
Sensitive Species	Sensitive Species - Proximate	☒	☐
Wilderness / Wilderness Characteristics	Other Agency / Citizen Proposed	☐	☒

Avoidance, Minimization or Mitigation of Impacts

Can the impacts to the above sensitive resources be avoided, minimized or mitigated? **Yes**

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Campground - Unofficial	☒	☐	☐
Hunting	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Commercial / Administrative Uses	Yes
Private Property Access	No
Public Uses	No
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Mining	Sub-Surface - Non-Federal Mineral Only	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **No**

Cumulative Effects

Would route closure or some other form of mitigation address cumulative effects on various other resources not specifically identified above as sensitive or specially protected? **Yes**

Monument Values	Yes
Habitat Fragmentation	No
Sensitive Soils / Erosion	No

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Campground - Unofficial - Single Party Site	☒	☐	☐
Campground - Unofficial (within 1/4 mile)	☒	☐	☐
Camping	☒	☐	☐
Hunting	☒	☐	☐
Staging / Parking	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources?	**No**
The route is utilized for the following:	
Commercial / Administrative Uses	Yes
Private Property Access	No
Public Uses	No
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **Yes**

Resource/Concern	Specifically	Direct	Indirect
Ecoregion	Colorado Plateau - Great Basin - Shivwitts Plateau	☒	☐
Historic	Polygons - Proximate (within 1/2 mile) Agway Area	☒	☐
Monument	In or Through Grand Canyon-Parashant National Monument	☒	☐
Recreation Opportunity Spectrum (ROS)	Semi-Primitive Motorized	☒	☐
Wilderness / Wilderness Characteristics	Other Agency / Citizen Proposed	☐	☒

Avoidance, Minimization or Mitigation of Impacts

Can the impacts to the above sensitive resources be avoided, minimized or mitigated? **Yes**

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Campground - Unofficial - Multiple Party Site	☒	☐	☐
Campground - Unofficial (within 1/4 mile)	☒	☐	☐
Camping	☒	☐	☐
Hunting	☒	☐	☐
Looping Opportunity	☒	☐	☐
Staging / Parking	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Commercial / Administrative Uses	Yes
Private Property Access	No
Public Uses	No
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **No**

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **No**

Cumulative Effects

Would route closure or some other form of mitigation address cumulative effects on various other resources not specifically identified above as sensitive or specially protected? **Yes**

Monument Values	Yes
Habitat Fragmentation	No
Sensitive Soils / Erosion	No

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Exploring Short deadend spur accessing head of Andrus Canyon for exploration of this large wash.	☒	☐	☐

Route Redundancy

Can the public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Public Uses	Yes
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Close	Mitigate Limit	Limit	Mitigate Open	Open
18	10	15	06	11

B

☒ Close ☐ Mitigate Limit ☐ Limit ☐ Mitigate Open ☐ Open

☒ Closed to all uses.

☒ The route would be allowed to naturally reclaim.

☐ The route would be restored (e.g. vertically mulched) at least to some extent (e.g. to the visual horizon).

C

☐ Close ☐ Mitigate Limit ☐ Limit ☒ Mitigate Open ☐ Open

☒ Open to All Uses with Mitigation

☐ Mitigation will be achieved by employing adaptive management monitoring of the status and/or integrity of the potentially impacted sensitive resources or resource issues identified above as they relate to various factors (e.g. climatic cycles, exotic species introduction, visitor use levels [type, intensity, season of use]).

☒ Other Mitigation: Mitigate by adaptive management monitoring of status of remote character as it relates to intensity and type of human use.

D

☐ Close ☐ Mitigate Limit ☐ Limit ☒ Mitigate Open ☐ Open

☒ Open to All Uses with Mitigation

☐ Mitigation will be achieved by employing adaptive management monitoring of the status and/or integrity of the potentially impacted sensitive resources or resource issues identified above as they relate to various factors (e.g. climatic cycles, exotic species introduction, visitor use levels [type, intensity, season of use]).

B

☒ Close ☐ Mitigate Limit ☐ Limit ☐ Mitigate Open ☐ Open

☒ Closed to all uses.

☒ The route would be allowed to naturally reclaim.

☐ The route would be restored (e.g. vertically mulched) at least to some extent (e.g. to the visual horizon).

C

☐ Close ☒ Mitigate Limit ☐ Limit ☐ Mitigate Open ☐ Open

☒ Limited with Mitigation

Mitigation:

☐ Mitigation will be achieved by employing adaptive management monitoring of the status and/or integrity of the potentially impacted sensitive resources or resource issues identified above as they relate to various factors (e.g. climatic cycles, exotic species introduction, visitor use levels [type, intensity, season of use]).

☒ Other Mitigation: Mitigate through maintenance agreement to minimize use by/or with rancher, administrator or utility or resources.

Limits:

☒ Limit User

☒ Motorized Administrative use (including Federal, State and Local emergency regulatory enforcement and monitoring uses

☒ Ranching Allotment Permittee

☐ Mining Permittee

☐ Utility Right-of-Way / Permittee

☐ Special Event Permittee

☐ Group Size Limit

☐ Other Permittee

☐ Private Property Access

D

☐ Close ☐ Mitigate Limit ☐ Limit ☒ Mitigate Open ☐ Open

☒ Open to All Uses with Mitigation

☐ Mitigation will be achieved by employing adaptive management monitoring of the status and/or integrity of the potentially impacted sensitive resources or resource issues identified above as they relate to various factors (e.g. climatic cycles, exotic species introduction, visitor use levels [type, intensity, season of use]).

☒ Other Mitigation: Mitigate by adaptive management monitoring of status/integrity of identified sensitive resources or special status species and/or cultural resources as their condition might relate to intensity and type of public use.

E

☐ Close ☒ Mitigate Limit ☐ Limit ☐ Mitigate Open ☐ Open

☒ Limited with Mitigation

Mitigation:

☐ Mitigation will be achieved by employing adaptive management monitoring of the status and/or integrity of the potentially impacted sensitive resources or resource issues identified above as they relate to various factors (e.g. climatic cycles, exotic species introduction, visitor use levels [type, intensity, season of use]).

☒ Other Mitigation: Mitigate through maintenance agreement to minimize use by/or with rancher, administrator or utility or resources.

Proposed By	Proposed Designation	Proposal Comments
Arizona Wilderness Coalition	Open	

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **No**

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **Yes**

Resource/Concern	Specifically	Direct	Indirect
Ecoregion	Colorado Plateau - Great Basin - Shivwitts Plateau	☒	☐
Historic	Polygons Grassy Mountain Area	☒	☐
Historic	Polygons - Proximate (within 1/2 mile) Grassy Mountain Area	☒	☐
Monument	In or Through Grand Canyon-Parashant National Monument	☒	☐
Monument	Monument Values / Objects	☒	☐
Recreation Opportunity Spectrum (ROS)	Semi-Primitive Motorized	☒	☐
Wilderness / Wilderness Characteristics	Other Agency / Citizen Proposed	☐	☒

Avoidance, Minimization or Mitigation of Impacts

Can the impacts to the above sensitive resources be avoided, minimized or mitigated? **Yes**

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Campground - Unofficial - Multiple Party Site	☒	☐	☐
Campground - Unofficial (within 1/4 mile)	☒	☐	☐
Camping	☒	☐	☐
Hunting	☒	☐	☐
Looping Opportunity	☒	☐	☐
Staging / Parking	☒	☐	☐

Route Redundancy

Can the public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Public Uses	Yes
Other	No

Potential Route Designations

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Administrative Uses	Historical Vegetation Treatment Area - Proximate (within 1/2 mile)	☒	☐	☐
Commercial Ranching Facility	Fence	☒	☐	☐
Commercial Ranching Facility	Range Development - Pipeline	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **No**

Cumulative Effects

Would route closure or some other form of mitigation address cumulative effects on various other resources not specifically identified above as sensitive or specially protected? **Yes**

Monument Values	Yes
Habitat Fragmentation	No
Sensitive Soils / Erosion	No

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Hunting	☒	☐	☐
Looping Opportunity	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources?	**No**
The route is utilized for the following:	
Commercial / Administrative Uses	No
Private Property Access	No
Public Uses	Yes
Other	No

Wilderness / Wilderness Characteristics	Other Agency / Citizen Proposed	☐	☒

Avoidance, Minimization or Mitigation of Impacts

Can the impacts to the above sensitive resources be avoided, minimized or mitigated? **Yes**

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Recreation / Recreation Access.	☒	☐	☐

Route Redundancy

Can the public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **Yes**

If yes, how?

This route is redundant to other nearby routes.

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **No**

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **No**

Cumulative Effects

Would route closure or some other form of mitigation address cumulative effects on various other resources not specifically identified above as sensitive or specially protected? **Yes**

Monument Values	Yes
Habitat Fragmentation	No
Sensitive Soils / Erosion	No

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Campground - Unofficial - Single Party Site	☒	☐	☐
Camping	☒	☐	☐
Hunting	☒	☐	☐

Route Redundancy

Can the public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Public Uses	Yes
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Administrative Uses	Historical Vegetation Treatment Area - Proximate (within 1/2 mile)	☒	☐	☐
Commercial Ranching Facility	Fence	☒	☐	☐
Commercial Ranching Facility	Reservoir(s) Fenced reservoir.	☒	☐	☐
Mining	Sub-Surface - Non-Federal Mineral Only	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **No**

Cumulative Effects

Would route closure or some other form of mitigation address cumulative effects on various other resources not specifically identified above as sensitive or specially protected? **Yes**

Monument Values	Yes
Habitat Fragmentation	No
Sensitive Soils / Erosion	No

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Recreation / Recreation Access.	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources?	**No**
The route is utilized for the following:	
Commercial / Administrative Uses	Yes
Private Property Access	No
Public Uses	No
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Administrative Uses	Burn Area	☒	☐	☐
Administrative Uses	Historical Vegetation Treatment Area - Proximate (within 1/2 mile)	☒	☐	☐
Commercial Ranching Facility	Fence	☒	☐	☐
Commercial Ranching Facility	Ranch / Ranching / Range	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **No**

Cumulative Effects

Would route closure or some other form of mitigation address cumulative effects on various other resources not specifically identified above as sensitive or specially protected? **Yes**

Monument Values	Yes
Habitat Fragmentation	No
Sensitive Soils / Erosion	No

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
ATV Use / ATV Touring	☒	☐	☐
Hunting	☒	☐	☐
Looping Opportunity	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources?	**No**
The route is utilized for the following:	
Commercial / Administrative Uses	Yes
Private Property Access	No
Public Uses	No
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Administrative Uses	Historical Vegetation Treatment Area - Proximate (within 1/2 mile)	☒	☐	☐
Commercial Ranching Facility	Ranch / Ranching / Range	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **No**

Cumulative Effects

Would route closure or some other form of mitigation address cumulative effects on various other resources not specifically identified above as sensitive or specially protected? **Yes**

Monument Values	Yes
Habitat Fragmentation	No
Sensitive Soils / Erosion	No

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Recreation / Recreation Access.	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Mining	Sub-Surface - Non-Federal Mineral Only	☒	☐	☐
Mining	Mineral Exploration Spur once served mineral exploration.	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **No**

Cumulative Effects

Would route closure or some other form of mitigation address cumulative effects on various other resources not specifically identified above as sensitive or specially protected? **Yes**

Monument Values	Yes
Habitat Fragmentation	No
Sensitive Soils / Erosion	No

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Camping	☒	☐	☐
Hunting	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Commercial / Administrative Uses	No
Private Property Access	No
Public Uses	Yes
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Administrative Uses	Historical Vegetation Treatment Area - Proximate (within 1/2 mile)	☒	☐	☐
Commercial Ranching Facility	Fence	☒	☐	☐
Private Property	Access	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **No**

Cumulative Effects

Would route closure or some other form of mitigation address cumulative effects on various other resources not specifically identified above as sensitive or specially protected? **Yes**

Monument Values	Yes
Habitat Fragmentation	No
Sensitive Soils / Erosion	No

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Recreation / Recreation Access.	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **Yes**

If yes, how?

This route is redundant to other nearby routes.

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Administrative Uses	Catchment - Wildlife	☒	☐	☐
Commercial Ranching Facility	Fence	☒	☐	☐
Commercial Ranching Facility	Reservoir(s) 3 reservoirs (fenced and unfenced)	☒	☐	☐
Private Property	Access	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **Yes**

Resource/Concern	Specifically	Direct	Indirect
Ecoregion	Colorado Plateau - Great Basin - Shivwitts Plateau	☒	☐
Monument	In or Through Grand Canyon-Parashant National Monument	☒	☐
Recreation Opportunity Spectrum (ROS)	Semi-Primitive Motorized	☒	☐

Avoidance, Minimization or Mitigation of Impacts

Can the impacts to the above sensitive resources be avoided, minimized or mitigated? **Yes**

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
4WD	☒	☐	☐
Hunting	☒	☐	☐
Looping Opportunity	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Commercial / Administrative Uses	Yes
Private Property Access	No
Public Uses	No
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Mitigation:

☐ Mitigation will be achieved by employing adaptive management monitoring of the status and/or integrity of the potentially impacted sensitive resources or resource issues identified above as they relate to various factors (e.g. climatic cycles, exotic species introduction, visitor use levels [type, intensity, season of use]).

☒ Other Mitigation: Mitigate by adaptive management monitoring of status/integrity of identified sensitive resources or special status species and/or cultural resources as their condition might relate to intensity and type of public use. Mitigate through maintenance agreement to minimize use by/or with rancher, administrator or utility or resources.

Limits:

☒ Limit User

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **No**

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **No**

Cumulative Effects

Would route closure or some other form of mitigation address cumulative effects on various other resources not specifically identified above as sensitive or specially protected? **Yes**

Monument Values	Yes
Habitat Fragmentation	No
Sensitive Soils / Erosion	No

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Campground - Unofficial - Single Party Site	☒	☐	☐
Camping	☒	☐	☐
Hunting	☒	☐	☐
Staging / Parking	☒	☐	☐

Route Redundancy

Can the public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Public Uses	Yes
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Close	Mitigate Limit	Limit	Mitigate Open	Open

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Administrative Uses	Burn Area	☒	☐	☐
Administrative Uses	Historical Vegetation Treatment Area	☒	☐	☐
Administrative Uses	Historical Vegetation Treatment Area - Proximate (within 1/2 mile)	☒	☐	☐
Commercial Ranching Facility	Cattle Guard	☒	☐	☐
Commercial Ranching Facility	Fence	☒	☐	☐
Commercial Ranching Facility	Spring (Developed or Undeveloped) Death Valley Spring.	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **Yes**

Resource/Concern	Specifically	Direct	Indirect
Ecoregion	Colorado Plateau - Great Basin - Shivwitts Plateau	☒	☐
Ecoregion	Colorado Plateau - Great Basin - Uinkaret Plateau	☒	☐
Ecoregion	Colorado Plateau - Ponderosa Pine Forest - Trumbull-Logan	☒	☐
Monument	In or Through Grand Canyon-Parashant National Monument	☒	☐
Monument	Monument Values / Objects	☒	☐
Mule Deer	Hot Spot - In or Through	☒	☐
Mule Deer	Hot Spot - Proximate (within 1 mile)	☒	☐
Recreation Opportunity Spectrum (ROS)	Roaded Natural	☒	☐

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **No**

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **Yes**

Resource/Concern	Specifically	Direct	Indirect
Ecoregion	Mojavean - Mojave-Great Basin Transition - Whitmore	☒	☐
Monument	In or Through Grand Canyon-Parashant National Monument	☒	☐
Monument	Monument Values / Objects	☒	☐
Recreation Opportunity Spectrum (ROS)	Semi-Primitive Nonmotorized	☒	☐
Wilderness / Wilderness Characteristics	Boundary Route	☐	☒

Avoidance, Minimization or Mitigation of Impacts

Can the impacts to the above sensitive resources be avoided, minimized or mitigated? **Yes**

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **No**

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Mining	Sub-Surface - Non-Federal Mineral Only	☒	☐	☐
Private Property	Access	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **No**

Cumulative Effects

Would route closure or some other form of mitigation address cumulative effects on various other resources not specifically identified above as sensitive or specially protected? **Yes**

Monument Values	Yes
Habitat Fragmentation	No
Sensitive Soils / Erosion	No

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
ATV Use / ATV Touring	☒	☐	☐
Hunting	☒	☐	☐
Touring (General / ATV / OHV / etc.)	☒	☐	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources? **No**

The route is utilized for the following:

Commercial / Administrative Uses	Yes
Private Property Access	No
Public Uses	No
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.

Official Right-of-Way or Officially-Recognized County or State Route

Is the route an officially-recognized right-of-way or an officially recognized County or State route? **No**

Other Access / Uses

Does the route provide other commercial or administrative access / uses? **Yes**

Does the route provide commercial, private property, or administrative access (e.g. via prescriptive or vested rights, RS 2477)?	Yes
Is the route a regional route that serves more than one planning sub-region?	No
Is the route a principal means of connectivity within a sub-region?	No
Is the route officially recognized as part of a Federal planning document and is subject to maintenance?	No

Access / Uses

Uses	Specifically	Primary	Secondary	Tertiary
Administrative Uses	Historical Vegetation Treatment Area	☒	☐	☐
Commercial Ranching Facility	Reservoir(s) Unfenced	☒	☐	☐
Commercial Ranching Facility	Fence	☒	☐	☐
Commercial Ranching Facility	Range Development - Pipeline	☒	☐	☐

Special Resources

Might the continued use of this route impact State or Federal special status species or their habitat or cultural or any other specially-protected resources or objects identified by Agency planning documents, plan amendments or any other special area designations (e.g. National Monuments)? **No**

Cumulative Effects

Would route closure or some other form of mitigation address cumulative effects on various other resources not specifically identified above as sensitive or specially protected? **Yes**

Monument Values	Yes
Habitat Fragmentation	No
Sensitive Soils / Erosion	No

Public Uses

Does this route contribute to recreational opportunities, route network connectivity, public safety, or other public multi-use access opportunities enumerated in agency Organic laws? **Yes**

Public Use	Primary	Secondary	Tertiary
Hunting Limited hunting.	☐	☒	☐

Route Redundancy

Can the commercial, private-property or public uses of this route be adequately met by another route that minimizes impacts to the sensitive resources identified above or that minimizes cumulative effects on various other resources?	**No**
The route is utilized for the following:	
Commercial / Administrative Uses	Yes
Private Property Access	No
Public Uses	No
Other	No

Potential Route Designations

This list represents the potential designations that are available for this route utilizing the Route Evaluation Tree.
