PLEASE READ CAREFULLY

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment – including your personal identifying information – may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, are available for public inspection in their entirety.

I am writing to express my support of the timely approval of the Copper Flat mine for operation in Sierra County. Potential businesses need to know that they can operate in a fair playing field in the state of New Mexico without unreasonable delays. This project will provide much needed direct employment in Sierra County and it will also bring work to many supporting sectors that will be a positive impact throughout the state. Please proceed through the permit process without delay so that Copper Flat may begin hiring workers for construction efforts as soon as possible and other industries can clearly see that New Mexico is open for business.
