Contents of Volume 2

4.0 Environmental Consequences 4-1
4.1 Introduction 4-1
4.1.1 General Analytical Assumptions 4-2
4.1.2 Types of Effects 4-2
4.1.3 Summary of Elements of the Human Environment Addressed, Not Addressed, Not Affected, or Not Present 4-3
4.1.4 Supplemental Authorities to Be Considered 4-3
4.2 Impact Analysis 4-5
4.2.1 Impacts to Air Resources 4-5
4.2.1.1 Impacts Common to All Alternatives 4-5
4.2.1.2 Differences between Alternatives 4-6
4.2.1.3 Unavoidable Adverse Impacts 4-21
4.2.1.4 References 4-21
4.2.2 Impacts to Soil Resources 4-22
4.2.2.1 Impacts Common to All Alternatives 4-22
4.2.2.2 Differences between Alternatives 4-23
4.2.2.3 Unavoidable Adverse Impacts 4-53
4.2.3 Impacts to Water Resources 4-55
4.2.3.1 Impacts Common to All Alternatives 4-55
4.2.3.2 Differences between Alternatives 4-56
4.2.3.3 Unavoidable Adverse Impacts 4-80
4.2.4 Impacts to Vegetation 4-81
4.2.4.1 Impacts Common to All Alternatives 4-81
4.2.4.2 Differences between Alternatives 4-82
4.2.5 Impacts to Wildlife 4-130
4.2.5.1 Impacts Common to All Alternatives 4-130
4.2.5.2 Differences between Alternatives 4-134
4.2.6 Impacts to Special Status Species 4-165
4.2.6.1 Impacts Common to All Alternatives 4-165
4.2.6.2 Differences between Alternatives 4-169
4.2.7 Impacts to Wildland Fire and Fuels 4-207
4.2.7.1 Impacts Common to All Alternatives 4-207
4.2.7.2 Differences between Alternatives 4-212
4.2.7.3 Unavoidable Adverse Impacts 4-213
4.2.8 Impacts to Cultural Resources 4-214
4.2.8.1 Impacts Common to All Alternatives 4-214
4.2.8.2 Differences between Alternatives 4-215
4.2.8.3 Unavoidable Adverse Impacts 4-235
4.2.9 Impacts to Paleontological Resources 4-236
4.2.9.1 Impacts Common to All Alternatives 4-236
4.2.9.2 Differences between Alternatives 4-236
4.2.9.3 Unavoidable Adverse Impacts 4-238
4.2.10 Impacts to Visual Resources 4-239
4.2.10.1 Impacts Common to All Alternatives 4-240
4.2.10.2 Differences between Alternatives 4-242
4.2.10.3 Unavoidable Adverse Impacts 4-251
4.2.10.4 References 4-251
4.2.11 Impacts to Special Designations and Lands with Wilderness Characteristics 4-252
4.2.11.1 Impacts Common to All Alternatives 4-252
4.2.11.2 Differences between Alternatives 4-252

4.2.12 Impacts to Range Management – Livestock Grazing 4-297
4.2.12.1 Impacts Common to All Alternatives 4-297
4.2.12.2 Differences between Alternatives 4-300
4.2.12.3 Unavoidable Adverse Impacts 4-308
4.2.13 Impacts to Mineral Resources 4-309
4.2.13.1 Impacts Common to All Alternatives 4-309
4.2.13.2 Differences between Alternatives 4-311
4.2.14 Impacts to Recreation 4-323
4.2.14.1 Impacts Common to All Alternatives 4-323
4.2.14.2 Differences between Alternatives 4-325
4.2.15 Impacts to Transportation and Public Access 4-351
4.2.15.1 Impacts Common to All Alternatives 4-351
4.2.15.2 Differences between Alternatives 4-352
4.2.16 Impacts to Lands and Realty 4-365
4.2.16.1 Impacts Common to All Alternatives 4-365
4.2.16.2 Differences between Alternatives 4-366
4.2.17 Impacts to Public Health and Safety 4-385
4.2.17.1 Impacts Common to All Alternatives 4-386
4.2.17.2 Differences between Alternatives 4-386
4.2.18 Impacts to Social and Economic Values 4-394
4.2.18.1 Impacts Common to All Alternatives 4-394
4.2.18.2 Differences between Alternatives 4-394
Impacts to Social and Economic Values – Alternative A (No Action) 4-394
Impacts to Social and Economic Values – Alternative B (Conservation) 4-404
Impacts to Social and Economic Values – Alternative C (Public Use) 4-413
Impacts to Social and Economic Values – Alternative D (Preferred Plan) 4-421
4.2.18.3 Unavoidable Adverse Impacts 4-429
4.2.19 Impacts to Environmental Justice 4-430
4.2.19.1 Environmental Justice Determination 4-430
4.3 Cumulative Impacts and Reasonably Foreseeable Development 4-431
4.3.1 Cumulative Analysis Methodology and Reasonably Foreseeable Development Scenarios 4-431
4.3.1.1 Wildland Fire and Fuels Assumptions and Reasonably Foreseeable Development: All Alternatives 4-432
4.3.1.2 Mineral Resources - Locatable Mineral (Metallic and Non-metallic/Industrial) Development Potential 4-433
4.3.1.3 Mineral Resources - Fluid and Solid Leasable Mineral (Oil and Gas) Development Potential 4-435
4.3.1.4 Mineral Resources - Geothermal Resources Development Potential 4-438
4.3.1.5 Mineral Resources - Salable (Construction Materials) Mineral Development Potential 4-438
4.3.1.6 Recreation Assumptions and Reasonably Foreseeable Development: All Alternatives 4-440
4.3.1.7 Lands and Realty Assumptions and Reasonably Foreseeable Development: All Alternatives 4-441
4.3.2 Cumulative Impacts Analysis 4-447
4.3.2.1 Impacts from Programs Common to All Alternatives 4-447
4.3.2.2 Impacts to Resources Common to All Alternatives 4-447
4.3.2.3 Alternative A – No Action 4-449
4.3.2.4 Alternative B – Conservation 4-455
4.3.2.5 Alternative C – Public Use 4-461
4.3.2.6 Alternative D – Preferred Plan 4-468

5.0 Coordination and Consultation 5-1
5.1 Introduction 5-1
5.2 Specific Consultation and Coordination Requirements 5-1
5.2.1 Native American Consultation 5-1
5.2.2 State Historic Preservation Office 5-1
5.2.3 U.S. Fish and Wildlife Service Consultation 5-2
5.3 Cooperating Agencies 5-2
5.4 Coordination and Consistency 5-3
5.4.1 Key Coordination Actions 5-3
Federal Agencies 5-3
State of California 5-3
County Agencies 5-4
5.5 Public Participation 5-4
5.5.1 Scoping Period 5-4
5.5.2 Scoping Notice 5-4
5.5.3 Scoping Meetings 5-5
5.5.4 Scoping Report 5-5
5.5.6 Distribution of the Draft RMP/EIS 5-5
Federal Agencies 5-5
California State Agencies 5-6
Local Government 5-6
Indian Tribes and Councils 5-7
Congressional Representatives 5-8
California State Legislature 5-8
Organizations 5-8
Libraries 5-10
5.6 List of Preparers 5-11

6.0 Glossary 6-1

Tables

Table 4-1 Impacts to Paleontological Resources by Alternative 4-237
Table 4-2 Alternative A: Livestock Grazing on BLM Land within the Planning Area 4-395
Table 4-3 Alternative A: Economic Activity Generated by BLM Support of HCPs within the Planning Area 4-397
Table 4-4 Alternative A: Oil and Gas Production on BLM Land within the Planning Area 4-398
Table 4-5 Alternative A: Sand and Gravel Extraction on BLM Land within the Planning Area 4-399
Table 4-6 Alternative A: Recreation Activity on BLM Land within the Planning Area 4-400
Table 4-7 Alternative A: Communication Sites Maintenance and Repair on BLM Land within the Planning Area 4-402
Table 4-8 Alternative A: ROW Maintenance on BLM Land within the Planning Area 4-403
Table 4-9 Alternative A: Total of All Activities on BLM Land within the Planning Area 4-404
Table 4-10 Alternative B: Livestock Grazing on BLM Land within the Planning Area 4-406
Table 4-11 Alternative B: Economic Activity Generated by BLM Support of HCPs within the Planning Area 4-407
Table 4-12 Alternative B: Oil and Gas Production on BLM Land within the Planning Area 4-408
Table 4-13 Alternative B: Sand and Gravel Extraction on BLM Land within the Planning Area 4-409
Table 4-14 Alternative B: Recreation Activity on BLM Land within the Planning Area 4-410
Table 4-15 Alternative B: Communication Sites on BLM Land within the Planning Area 4-411
Table 4-16 Alternative B: ROW Maintenance on BLM Land within the Planning Area 4-412

Table 4-17 Alternative B: All Combined BLM Resource Programs within the Planning Area 4-413
Table 4-18 Alternative C: Livestock Grazing on BLM Land within the Planning Area 4-414
Table 4-19 Alternative C: Economic Activity Generated by BLM Support of HCPs within the Planning Area 4-415
Table 4-20 Alternative C: Oil and Gas Production on BLM Land within the Planning Area 4-416
Table 4-21 Alternative C: Sand and Gravel Extraction on BLM Land within the Planning Area 4-417
Table 4-22 Alternative C: Recreation Activity on BLM Land within the Planning Area 4-418
Table 4-23 Alternative C: Communication Sites on BLM Land within the Planning Area 4-419
Table 4-24 Alternative C: ROW Maintenance on BLM Land within the Planning Area 4-420
Table 4-25 Alternative C: All Combined BLM Resource Programs within the Planning Area 4-421
Table 4-26 Alternative D: Livestock Grazing on BLM Land within the Planning Area 4-422
Table 4-27 Alternative D: Economic Activity Generated by BLM Support of HCPs within the Planning Area 4-423
Table 4-28 Alternative D: Oil and Gas Production on BLM Land within the Planning Area 4-424
Table 4-29 Alternative D: Sand and Gravel Extraction on BLM Land within the Planning Area 4-425
Table 4-30 Alternative D: Recreation Activity on BLM Land within the Planning Area 4-426
Table 4-31 Alternative D: Communication Sites on BLM Land within the Planning Area 4-427
Table 4-32 Alternative D: ROW Maintenance on BLM Land within the Planning Area 4-428
Table 4-33 Alternative D: All Combined BLM Resource Programs within the Planning Area 4-429
Table 4-34 Comparative Summary of Reasonably Foreseeable Development Scenarios 4-443

Appendices

Appendix A BLM Public Lands and Land Tenure
A-1. Public Land Parcels
A-2. Acquired Lands
A-3. Land Tenure Adjustments
A-4. Withdrawals and Classifications

Appendix B Notice of Intent

Appendix C Results of Scoping

Appendix D Plan News

Appendix E Best Management Practices

Appendix F Wilderness

Appendix G Wild and Scenic River Eligibility and Suitability Study
G-1. Map: Wild and Scenic Rivers

Appendix H Areas of Critical Environmental Concern

Appendix I Recreation

Appendix J Transportation Planning and Route Designation

Appendix K Route of Travel Designations

Appendix L Route of Travel Inventory Maps (DVD on inside back cover)

Appendix M Visual Resource Management
M-1. Map: Visual Inventory: San Diego County
M-2. Map: Visual Inventory: Beauty Mountain
M-3. Map: San Bernardino–Riverside County
M-4. Map: Santa Clara River/Soledad Canyon

Appendix N Consideration of Lands with Wilderness Characteristics
N-1. Map: Lands with Wilderness Characteristics - San Bernardino, Riverside, and Beauty Mountain Management Area
N-2. Map: Lands with Wilderness Characteristics - San Diego County

Appendix O Memorandum of Understanding for Cooperation in HCP Planning

Appendix P Executive Order 13433: Facilitation of Hunting Heritage and Wildlife Conservation
