October 11, 2011

Dear Penny Woods,

As a concerned resident of the State of UT/NV (UT/NV) and a member of the Goshute Tribe I have great concerns about the proposed Pipeline and Right of Way being sought by the Southern Nevada Water Authority. Please select the "No Action Alternative" which is the only option that will protect this beautiful region for future generations.

Here is why:

We the people of the water oppose the SNWA pipeline because it will suck our valley dry. Our natural resources will diminish with little or no water. Our animals will die or leave the area. Our berries & pine nuts will no longer exist neither will the wild onions. Our cattle & horses would not be able to survive. All we will have is a scar running across our land (pipeline) and dust storms & wild fires. We do not want this for our future.

Sincerely,

Amy Murphy (Signature)
