Dear Penny Woods,

As a concerned resident of the State of UT: NV (UT/NV) and a member of the _____ Tribe I have great concerns about the proposed Pipeline and Right of Way being sought by the Southern Nevada Water Authority. Please select the "No Action Alternative" which is the only option that will protect this beautiful region for future generations.

Here is why:

w/o water our trees (vegitation) will die. These are very important in our ecosystem as the produce oxygen & feed for the wildlife as well as our livestock. Also we will not have water to drink. We will be forced to moved out of our ~~[illegible]~~ beloved rural areas. I choose to live in the Ibapah (Deep Creek) Valley. I have lived in the Valley for 18 yrs. I did move for a better life I thought, ~~[illegible]~~ for 23 yrs but the country life style called me home. and I have enjoyed that life style for the past 7 yrs.

Sincerely,
