Dear Ms. Hammond,

I would like to strongly protest the inclusion of one parcel in the annual BLM oil and gas lease sale to be held this coming February.

Parcel #42 should have been excluded since it is contiguous with Parcel #39, which was removed from the sale, and it is in the protection zone for San Juan County water.

The BLM should defer that parcel until the state engineer issues a decision on San Juan County wells in the area.

The BLM should not disregard the will of the people. The 2005 Energy Policy Act is a sham that is all about maximizing corporate profits with public resources at the expense of clean air and clean water.

Sincerely,

S. Ellis

Shawn Ellis
