TABLE OF CONTENTS

CHAPTER ONE - INTRODUCTION

1.1 Introduction . . . 1-1
1.2 Future Exploration and Development . . . 1-2
1.3 Purpose and Need . . . 1-5
1.4 Regional Setting . . . 1-6
1.5 National Environmental Policy Act . . . 1-6
1.6 Scoping, Consultation and Coordination . . . 1-8
1.7 Authorizing Actions and Relationships to Statutes and Regulations . . . 1-10
1.7.1 Federal Permits . . . 1-10
1.7.2 Corps of Engineers Permits . . . 1-10
1.7.3 Storm Water Regulations . . . 1-12
1.7.4 Wyoming BLM Mitigation Guidelines and Practices for Surface Disturbing and Disruptive Activities . . . 1-12
1.7.5 Conformance with BLM's Pinedale Resource Management Plan . . . 1-12
1.7.6 State of Wyoming Permits . . . 1-13
1.7.7 Local Permits . . . 1-14

CHAPTER TWO - DESCRIPTION OF ALTERNATIVES

2.1 Introduction . . . 2-1
2.2 Exploration/Development Scenarios . . . 2-2
2.2.1 Project Wide Exploration/Development Scenario . . . 2-2
2.2.2 Anticline Crest Exploration/Development Scenario . . . 2-4
2.2.3 No Action Exploration/Development Scenario . . . 2-4
2.3 Exploration/Development Scenarios Considered but not Analyzed in Detail . . . 2-4
2.3.1 Federal No Action Exploration/Development Scenario . . . 2-4
2.3.2 40-Acre Well Pad Exploration/Development Scenario . . . 2-4
2.3.3 320 or 640-Acre Well Pad Exploration/Development Scenario . . . 2-5
2.4 Potential Levels of Development . . . 2-5
2.5 Project Components . . . 2-6
2.5.1 Well Development Time Frames . . . 2-6
2.5.2 Work Force Requirements . . . 2-6
2.5.3 Transportation Requirements . . . 2-6
2.5.4 Access Roads and Transportation Plan . . . 2-7
2.5.5 Well Pads . . . 2-11
2.5.6 Gas Gathering System . . . 2-25
2.5.7 Sales Pipeline . . . 2-27
2.5.8 Compression . . . 2-27
2.5.9 BP Amoco's Proposed Field Office . . . 2-27
2.5.10 Seismic Surveys . . . 2-27
2.6 Management Areas for Resource Protection . . . 2-30
2.7 Mitigation Alternatives . . . 2-34
2.7.1 Standard Stipulations Alternative . . . 2-34
2.7.2 Resource Protection Alternative on Federal Lands and Minerals . . . 2-42
2.7.3 Resource Protection Alternative on All Lands and Minerals . . . 2-43
2.7.4 Options for Reducing Surface Disturbance and Human Presence . . . 2-44
2.8 Royalty Rate Reduction . . . 2-50
2.9 Hazardous Materials . . . 2-52
2.10 Additional Planning Requirements . . . 2-52
2.11 Impact and Mitigation Monitoring and Reporting . . . 2-52
2.12 Applicant Committed Mitigation . . . 2-53
2.13 Comparison of Alternatives . . . 2-53

CHAPTER THREE - AFFECTED ENVIRONMENT

3.1 Introduction . . . 3-1
3.2 Land and Mineral Ownership in the Project Area . . . 3-2
3.3 Disturbed Acreage in the Project Area . . . 3-2
3.4 Climate . . . 3-2
3.5 Socioeconomic Resources . . . 3-2
3.5.1 Socioeconomic Trends and Influences . . . 3-6
3.5.2 Population . . . 3-7
3.5.3 Employment and Income Levels . . . 3-7
3.5.4 Economic Base: Sectoral Activity . . . 3-8
3.5.5 Housing . . . 3-9
3.5.6 Infrastructure . . . 3-9
3.5.7 County and Local Government Revenues . . . 3-11
3.6 Transportation . . . 3-12
3.7 Land Use/Residential Areas . . . 3-14
3.7.1 RMP Management Objective . . . 3-14
3.7.2 Affected Environment . . . 3-16
3.8 Recreation Resources . . . 3-21
3.8.1 RMP Management Objective . . . 3-21
3.8.2 Recreation Activities . . . 3-21
3.8.3 Recreation Sites and Facilities . . . 3-23
3.8.4 Wilderness . . . 3-25
3.8.5 National Natural Landmarks . . . 3-25
3.8.6 Wild and Scenic Rivers . . . 3-25
3.8.7 Lander Trail . . . 3-25
3.8.8 Wind River Front Special Recreation Management Area . . . 3-26
3.9 Visual Resources . . . 3-26
3.9.1 RMP Management Objective . . . 3-26
3.9.2 Affected Environment . . . 3-27
3.10 Cultural and Historic Resources . . . 3-29
3.10.1 RMP Management Objective . . . 3-29
3.10.2 Cultural Resources . . . 3-31
3.10.3 Historical Resources . . . 3-32
3.11 Air Quality and Noise . . . 3-36
3.11.1 RMP Management Objective . . . 3-36
3.11.2 Air Quality Affected Environment . . . 3-37
3.11.3 Noise Affected Environment . . . 3-40
3.12 Geology and Mineral Resources . . . 3-40
3.12.1 Geology . . . 3-40
3.12.2 Mineral Resources . . . 3-41
3.13 Paleontological Resources . . . 3-43
3.13.1 RMP Management Objective . . . 3-43
3.13.2 Affected Environment . . . 3-43
3.14 Water Resources . . . 3-45
3.14.1 RMP Management Objective . . . 3-45
3.14.2 Groundwater . . . 3-45
3.14.3 Surface Water . . . 3-46
3.15 Soil Resources . . . 3-50
3.15.1 RMP Management Objective . . . 3-50
3.15.2 Affected Environment . . . 3-51
3.16 Vegetation Resources . . . 3-53
3.17 Grazing Resources . . . 3-55
3.17.1 RMP Management Objective . . . 3-55
3.17.2 Affected Environment . . . 3-55
3.18 Wetland and Riparian Resources and Flood Plains . . . 3-59
3.18.1 RMP Management Objective . . . 3-59
3.18.2 Affected Environment . . . 3-59

3.19 Threatened and Endangered Species and Special Status Species . . . 3-62
3.19.1 RMP Management Objective . . . 3-62
3.19.2 Affected Environment . . . 3-62
3.20 Wildlife and Aquatic Resources . . . 3-72
3.20.1 RMP Management Objective . . . 3-72
3.20.2 Big Game . . . 3-72
3.20.3 Waterfowl, Upland Game Birds, Furbearers, Small Game . . . 3-76
3.20.4 Raptors . . . 3-80
3.20.5 Nongame Wildlife Species . . . 3-81
3.20.6 Aquatic Resources . . . 3-81

CHAPTER FOUR - ENVIRONMENTAL CONSEQUENCES

4.1 Introduction . . . 4-1
4.1.1 Organization of Impact Analysis . . . 4-1
4.1.2 General Scoping Concerns (Not Specific to Any Resource) . . . 4-4
4.1.3 Annual Development Review and Monitoring . . . 4-4
4.1.4 Mineral Resources Forgone . . . 4-7
4.2 Federal Mineral Leases in the Project Area . . . 4-7
4.3 Environmental Justice . . . 4-13
4.4 Socioeconomic Resources . . . 4-14
4.4.1 Scoping Issues . . . 4-14
4.4.2 Significance Criteria . . . 4-14
4.4.3 Alternative Impacts . . . 4-14
4.4.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-15
4.4.3.2 Project Wide Exploration/Development Scenario . . . 4-20
4.4.3.3 Anticline Crest Exploration/Development Scenario . . . 4-21
4.4.3.4 No Action Exploration/Development Scenario . . . 4-21
4.4.4 Additional Mitigation Opportunities . . . 4-22
4.5 Transportation . . . 4-22
4.5.1 Scoping Issues . . . 4-22
4.5.2 Significance Criteria . . . 4-23
4.5.3 Alternative Impacts . . . 4-23
4.5.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-23
4.5.3.2 Project Wide Exploration/Development Scenario . . . 4-27
4.5.3.3 Anticline Crest Exploration/Development Scenario . . . 4-29
4.5.3.4 No Action Exploration/Development Scenario . . . 4-29
4.5.4 Additional Mitigation Opportunities . . . 4-29
4.6 Land Use/Residential Areas . . . 4-30
4.6.1 Scoping Issues . . . 4-30
4.6.2 Significance Criteria . . . 4-30
4.6.3 Alternative Impacts . . . 4-31
4.6.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-31
4.6.3.2 Project Wide Exploration/Development Scenario . . . 4-33
4.6.3.3 Anticline Crest Exploration/Development Scenario . . . 4-38
4.6.3.4 No Action Exploration/Development Scenario . . . 4-42
4.6.4 Additional Mitigation Opportunities . . . 4-42
4.7 Recreation Resources . . . 4-43
4.7.1 Scoping Issues . . . 4-43
4.7.2 Significance Criteria . . . 4-43
4.7.3 Alternative Impacts . . . 4-43
4.7.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-43
4.7.3.2 Project Wide Exploration/Development Scenario . . . 4-45
4.7.3.3 Anticline Crest Exploration/Development Scenario . . . 4-49

4.7.3.4 No Action Exploration/Development Scenario . . . 4-51
4.7.4 Additional Mitigation Opportunities . . . 4-51
4.8 Visual Resources . . . 4-52
4.8.1 Scoping Issues . . . 4-52
4.8.2 Significance Criteria . . . 4-52
4.8.3 Alternative Impacts . . . 4-52
4.8.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-52
4.8.3.2 Project Wide Exploration/Development Scenario . . . 4-54
4.8.3.3 Anticline Crest Exploration/Development Scenario . . . 4-58
4.8.3.4 No Action Exploration/Development Scenario . . . 4-60
4.8.4 Additional Mitigation Opportunities . . . 4-60
4.9 Cultural and Historic Resources . . . 4-62
4.9.1 Scoping Issues . . . 4-62
4.9.2 Significance Criteria . . . 4-62
4.9.3 Alternative Impacts . . . 4-62
4.9.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-62
4.9.3.2 Project Wide Exploration/Development Scenario . . . 4-65
4.9.3.3 Anticline Crest Exploration/Development Scenario . . . 4-67
4.9.3.4 No Action Exploration/Development Scenario . . . 4-67
4.9.4 Additional Mitigation Opportunities . . . 4-67
4.10 Air Quality and Noise . . . 4-68
4.10.1 Scoping Issues . . . 4-68
4.10.2 Significance Criteria . . . 4-69
4.10.3 Alternative Impacts . . . 4-69
4.10.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-69
4.10.3.2 Project Wide Exploration/Development Scenario . . . 4-77
4.10.3.3 Anticline Crest Exploration/Development Scenario . . . 4-78
4.10.3.4 No Action Exploration/Development Scenario . . . 4-78
4.10.4 Additional Mitigation Opportunities . . . 4-78
4.10.5 Monitoring Recommendations . . . 4-78
4.11 Geology and Geologic Hazards . . . 4-78
4.11.1 Scoping Issues . . . 4-78
4.11.2 Significance Criteria . . . 4-79
4.11.3 Alternative Impacts . . . 4-79
4.11.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-79
4.11.3.2 Project Wide Exploration/Development Scenario . . . 4-79
4.11.3.3 Anticline Crest Exploration/Development Scenario . . . 4-80
4.11.3.4 No Action Exploration/Development Scenario . . . 4-80
4.11.4 Additional Mitigation Opportunities . . . 4-80
4.12 Paleontological Resources . . . 4-80
4.12.1 Scoping Issues . . . 4-80
4.12.2 Significance Criteria . . . 4-80
4.12.3 Alternative Impacts . . . 4-81
4.12.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-81
4.12.3.2 No Action Exploration/Development Scenario . . . 4-81
4.12.4 Additional Mitigation Opportunities . . . 4-81
4.13 Water Resources . . . 4-82
4.13.1 Scoping Issues . . . 4-82
4.13.2 Groundwater . . . 4-82
4.13.2.1 Significance Criteria . . . 4-82
4.13.2.2 Alternative Impacts . . . 4-82

4.13.2.2.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-82
4.13.2.2.2 Project Wide Exploration/Development Scenario . . . 4-83
4.13.2.2.3 Anticline Crest Exploration/Development Scenario . . . 4-83
4.13.2.2.4 No Action Exploration/Development Scenario . . . 4-84
4.13.2.3 Additional Mitigation Opportunities . . . 4-84
4.13.2.4 Monitoring Recommendations . . . 4-84
4.13.3 Surface Water . . . 4-84
4.13.3.1 Significance Criteria . . . 4-84
4.13.3.2 Alternative Impacts . . . 4-85
4.13.3.2.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-85
4.13.3.2.2 Project Wide Exploration/Development Scenario . . . 4-89
4.13.3.2.3 Anticline Crest Exploration/Development Scenario . . . 4-90
4.13.3.2.4 No Action Exploration/Development Scenario . . . 4-90
4.13.3.3 Additional Mitigation Opportunities . . . 4-90
4.13.3.4 Monitoring Recommendations . . . 4-92
4.14 Soil Resources . . . 4-92
4.14.1 Scoping Issues . . . 4-92
4.14.2 Significance Criteria . . . 4-92
4.14.3 Alternative Impacts . . . 4-92
4.14.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-92
4.14.3.2 Project Wide Exploration/Development Scenario . . . 4-95
4.14.3.3 Anticline Crest Exploration/Development Scenario . . . 4-97
4.14.3.4 No Action Exploration/Development Scenario . . . 4-98
4.14.4 Additional Mitigation Opportunities . . . 4-98
4.14.5 Monitoring Recommendations . . . 4-101
4.15 Vegetation Resources . . . 4-102
4.15.1 Scoping Issues . . . 4-102
4.15.2 Significance Criteria . . . 4-102
4.15.3 Alternative Impacts . . . 4-102
4.15.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-102
4.15.3.2 Project Wide Exploration/Development Scenario . . . 4-103
4.15.3.3 Anticline Crest Exploration/Development Scenario . . . 4-106
4.15.3.4 No Action Exploration/Development Scenario . . . 4-107
4.15.4 Additional Mitigation Opportunities . . . 4-107
4.15.5 Monitoring Requirements . . . 4-108
4.16 Grazing Resources . . . 4-108
4.16.1 Scoping Issues . . . 4-108
4.16.2 Significance Criteria . . . 4-108
4.16.3 Alternative Impacts . . . 4-108
4.16.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-108
4.16.3.2 Project Wide Exploration/Development Scenario . . . 4-109
4.16.3.3 Anticline Crest Exploration/Development Scenario . . . 4-112
4.16.3.4 No Action Exploration/Development Scenario . . . 4-113
4.16.4 Additional Mitigation Opportunities . . . 4-113
4.16.5 Monitoring Recommendations . . . 4-114
4.17 Wetland and Riparian Resources . . . 4-114
4.17.1 Scoping Issues . . . 4-114
4.17.2 Significance Criteria . . . 4-114
4.17.3 Alternative Impacts . . . 4-115
4.17.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-115
4.17.3.2 Project Wide Exploration/Development Scenario . . . 4-115
4.17.3.3 Anticline Crest Exploration/Development Scenario . . . 4-116

4.17.3.4 No Action Exploration/Development Scenario . . . 4-117
4.17.4 Additional Mitigation Opportunities . . . 4-117
4.17.5 Monitoring Recommendations . . . 4-118
4.18 Threatened and Endangered Species and Special Status Species . . . 4-118
4.18.1 Scoping Issues . . . 4-118
4.18.2 Significance Criteria . . . 4-118
4.18.3 Alternative Impacts . . . 4-118
4.18.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-119
4.18.3.2 Project Wide Exploration/Development Scenario . . . 4-127
4.18.3.3 Anticline Crest Exploration/Development Scenario . . . 4-136
4.18.3.4 No Action Exploration/Development Scenario . . . 4-140
4.18.4 Additional Mitigation Opportunities . . . 4-142
4.18.5 Monitoring Recommendations . . . 4-142
4.19 Wildlife and Aquatic Resources . . . 4-142
4.19.1 Scoping Issues . . . 4-142
4.19.2 Significance Criteria . . . 4-144
4.19.3 Alternative Impacts . . . 4-144
4.19.3.1 Summary of Impacts Common to All Alternatives (Except the No Action Exploration/Development Scenario) . . . 4-144
4.19.3.2 Project Wide Exploration/Development Scenario . . . 4-150
4.19.3.3 Anticline Crest Exploration/Development Scenario . . . 4-161
4.19.3.4 No Action Exploration/Development Scenario . . . 4-165
4.19.4 Additional Mitigation Measures . . . 4-165
4.19.5 Monitoring Requirements . . . 4-167

CHAPTER FIVE - CUMULATIVE IMPACTS

5.1 Introduction . . . 5-1
5.2 Withholding Federal Minerals From Leasing . . . 5-4
5.3 Socioeconomic Resources . . . 5-6
5.4 Transportation . . . 5-7
5.5 Land Use/Residential Areas . . . 5-8
5.6 Recreation Resources . . . 5-10
5.7 Visual Resources . . . 5-13
5.8 Cultural and Historic Resources . . . 5-14
5.9 Air Quality and Noise . . . 5-15
5.10 Geology and Geologic Hazards . . . 5-21
5.11 Paleontological Resources . . . 5-21
5.12 Water Resources . . . 5-21
5.13 Soil Resources . . . 5-23
5.14 Vegetation Resources . . . 5-24
5.15 Grazing Resources . . . 5-24
5.16 Wetland and Riparian Resources and Flood Plains . . . 5-24
5.17 Threatened and Endangered Species and Special Status Species . . . 5-26
5.18 Wildlife and Aquatic Resources . . . 5-27

LIST OF APPENDICES

Appendix A Wyoming Bureau of Land Management (BLM) Mitigation Guidelines and Standard Practices for Surface-Disturbing and Disruptive Activities A-1

Appendix B Draft Transportation Plan for Pinedale Anticline Oil and Gas Exploration and Development Project B-1

Appendix C Letters Referenced in the EIS C-1

Appendix D Engineering and Geologic Report - Vertical and Directional Drilling Alternatives D-1

Appendix E Hazardous Materials Summary for the Pinedale Anticline Oil and Gas Exploration and Development Project E-1

Appendix F A Framework for Adaptive Environmental Management for Exploration and Development on the Pinedale Anticline F-1

Appendix G Visibility Analysis G-1

Appendix H Storm Water Best Management Practices H-1

Appendix I Programmatic Agreement Between the Bureau of Land Management, the Wyoming State Historic Preservation Officer, and the Advisory Council on Historic Preservation Regarding the Pinedale Anticline Gas Field Exploration and Development, Wyoming I-1
