PINEDALE RESOURCE AREA OFFICE

Dear Mr. Hiner

RE: Attached article by William Alldredge on energy development on the Pinedale Anticline Area.

I respectively request that the BLM live up to their legal and legislative mandates and use a combination of Alternatives D&E with science-based monitoring and achievable mitigation.

Also see attached articles by Harry Harju. I don't care what the Wyo. Game & Fish Dept says now because all they are anymore are a bunch of polititions just like the rest of the State of Wyo. employees.

~~Very~~ Very truly yours,

(over)
