PROTEST: Sublette County Parcels
WY-1008-074 and WY-1008-075
August 3, 2010 Lease Sale

Dear BLM:

I request that these parcels be removed from the lease sale. They are far too close to the Lander Cutoff of the Oregon Trail, near unmarked pioneer graves. They would also disrupt crucial winter range for wildlife, if they were developed. Our western heritage depends upon wise choices in this regard, or it will be lost forever.

Sincerely,

Judy Walker
Pinedale/Daniel Landowner
