Bureau of Land Management Parcel Wy-1408-041

Dear Chris Hite,

As a long time resident and property owner at [redacted] in Rolling Hills, I wish to protest the lease of Parcel Wy-1408-041 in the up-coming lease auction by the Bureau of Land Management scheduled for the August 2014 sale.

I do not feel the regulations in effect by the Bureau of Land Management and the Oil and Gas Commission effectively protect my private water well from depletion or contamination. As the companies that do the hydraulic fracking are exempt from the Safe Drinking Water Act, I feel there are few regulations, because of the exemptions, in effect to protect my only source of drinking water. Furthermore, I do not feel that the Bureau of Land Managements policy for "Split Estate" stating that it must carefully consult with the surface owners before leasing ever happened. Therefore I am asking that you remove Parcel Wy-1408-041 from the lease auction.

Sincerely,

Bill Clark
