/a/ The source for the data in this table is the BLM Recreation Management Information System (RMIS) Report #22 as of January 7, 1998. Fiscal year 1997 visitation data is being reported for Fiscal Year 1998 because it is the most recent RMIS information available. The BLM is currently in the process of rehosting the RMIS. This project includes a complete review of visitor use information and system improvement analysis.

/b/ Visitor hours were derived using different methods and calculations than in previous years, resulting in higher overall totals.
