EMAIL TRANSMISSION - 07/26/04  
Instruction Bulletin No. MT-2004-082

To: State Management Team

From: State Director

Subject: Announcement and Call for Agenda Items for Statewide Weed  
Coordinators Meeting, September 21-22, 2004 **DD: 09/07/04**

We are planning to have a Statewide Weed Coordinators Meeting on September 21-22, 2004. The purpose of this meeting is an exchange of ideas and concerns that the offices have regarding their integrated weed control programs.

Things that we will be discussing are new types of reports and methods that some offices are developing that may be beneficial to other offices. Other items discussed will be budget, Pesticide Use Report and Integrated Weed Management Report, Application Records, environmental analysis, Biological Control Agent Proposals and Release Records.

Additional agenda items will be inventory, monitoring, treatment methods, and education and awareness. We will also have an update on the status of the Vegetation Treatment EIS and State/National Weed Database.

Please feel free to send additional items that you want discussed to Hank McNeel by September 7, 2004. We will start this meeting at 1 p.m., September 21, 2004, in the Montana State Office (Main Conference Room-Side B) and wrap it up by 1 p.m., September 22, 2004.

We would like a minimum of each field office/station Weed Coordinator, however, if you would like to send additional personnel that are working in integrated weed management that would be fine.

Signed by: Martin C. Ott
