Information Bulletin No. RS-97-006

To: All Field Officials

From: Director, National Applied Resource Sciences Center

Subject: Subject: Visual Resource Management (VRM) Program Leads
DD: 2/21/97

Over the past few years the Bureau has lost track of who is currently overseeing the VRM program responsibilities in the field offices.

In order for all of us to communicate better, we need to know the names, addresses, and phone numbers of all of the field office individuals currently overseeing/coordinating the VRM program in your organization, including the State Office, District Offices, and the Resource Area Offices.

We intend to consolidate this information and distribute it to all interested parties. In addition, we also intend to begin communicating on a regular basis with the VRM program leads to keep them abreast of what is happening within the program.

Please submit this information to Rich Hagan (RS-130) by telephone at (303) 236-9508, by e-mail, or by FAX at (303) 236-3508 by February 21, 1997.

Thank you for your cooperation.

Signed
Lee Barkow, Director
National Applied
Resource Sciences Center
