Subject: Discontinuance of NARSC Support of Tontocad and Forest  
Level Road Design System (FLRDS)

The Engineering Advisory Team met in Phoenix, Arizona, on January 21-23, 1997. At the meeting it was decided that NARSC would no longer support Tontocad and FLRDS. States in which these software programs are utilized will be responsible for their own training and support. If you have any questions, please contact Fraank Ciesel, NARSC, RS-110, at (303) 236-9502.
