Subject: Public Lands Foundation's History of BLM Offices

Attached is a copy of the Public Lands Foundation's "Historical Record of the Offices and Office Managers of the U.S. Bureau of Land Management and Its Predecessor Agencies." This is one of a limited number of copies purchased for distribution to State and other offices.

The history was compiled by members of the Public Lands Foundation and represents a significant effort on their part to capture this aspect of BLM's past. As with any document of its kind, there will be errors; some have already been found. We ask that anyone who finds a mistake to pass this information on to the Historian at NARSC, Jim Muhn. When reporting errors, please provide documentation that supports your correction.

The Bureau also intends to keep this document up-to-date. Therefore, each year offices will be asked to provide information on organizational and management changes.

If you have any questions regarding this history or have errors and updates to report, please contact Jim Muhn at (303) 236-6645 or E-mail (jmuhn@sc.blm.gov).
