Subject: Review of the BLM History Data Base DD: 2/10/2000

Thank you for agreeing to be a reviewer of the subject data base. Deputy Assistant Secretary Pat Shea has asked us to make it available to all BLM employees and possibly to a wider audience via the intranet and internet. We are providing you with a link to a Lotus Notes data base which contains the extensive bibliography prepared by Jim Muhn. Attached are brief instructions regarding the use of this data base. We are asking you to explore it. See how useful it is and make suggestions on how the format could be further refined to make it more useable.

We are excited about making this valuable information more accessible to the BLM and, in turn, the general public. Please let us know what we need to do to make this information more user friendly. Please provide us with your evaluation via return e-mail to Lee Barkow at the following e-mail address:
lee_barkow@blm.gov by February 10, 2000.

Thank you for taking time to help us in this evaluation. If you have any questions, please give me a call at 303-236-6454.
