

Accomplishments

Congress has given us an opportunity to share our positive experiences and accomplishments. They are very close in developing permanent fee legislation. We need to let them know of the great success this program has been to the BLM by sharing with them our best and greatest accomplishments.

Each site manager needs to report on one or two of their most successful situations using the fees that you have collected. (**) Be specific! Consider: how, what, when, where, why, who, and answer “what has changed” as a result of the fees being available to you to put back into the site. This section is going to be the first section of the report for Fiscal Year 2003 (as it was last year). This will be the most valuable section for Congress to review as they prepare final legislation. You have completed many great projects, let’s share them with Congress. All you need is a short paragraph on one or each of the two accomplishments that you report.

Also report on how you are accountable to the public. How do you report back to them about the collection and expenditures of the fee revenues? Be specific, just a couple of sentences or short paragraph is all that is needed.

And finally, please provide a list of groups, organizations, clubs, or local, state governments that are vocal about their support for the fees at the site or for the national fee program. This is another piece of data the Congress is always asking us to provide.

** Please emphasize any work you have completed working with youth or other youth partnerships in the program and where you have used fee revenues.
