Subject: Request for Slides

DD: 10/15/98

The Office of Environmental Education & Volunteers (EE&V) is putting together a slide presentation for recruiting volunteers and promoting the Volunteer Program. The focus will be on how volunteers can make a difference in our stewardship mission.

The current field season provides excellent opportunities to obtain photographs of volunteers at many public land sites. We would appreciate your assistance in this project by sending up to six slides of volunteers working at either project sites or scenic areas in your state. The slides need to be as clear and sharp in image as possible. If requested, your slides will be returned to you. Please provide captions and photo credits for all slides submitted.

We hope to complete this project by this November. If possible, we would like to have slides submitted to the EE&V Office by October 15, 1998. Please submit your entries to Leslie Schwager, Environmental Education and Volunteers Group, WO650. If you have any questions please call Leslie at (202) 452-7733. Thank you for your assistance.
