EA # OR128-03-24

August 1, 2008

Dear Concerned Citizen:

The Decision Documentation for the Cherry Wall DMT Timber Sale that was mailed to you on July 21, 2008 included an error in the amount of acres listed by density management and hardwood conversion treatments. The second paragraph of the document should read:

The Cherry Wall DMT Timber Sale would implement density management thinning harvests totaling 209 acres on 9 conifer dominated EA units (9, 10n, 10s, 11, 20, 22, 38, 39, 40) and 120 acres of hardwood conversion, including removal of all red alder and thinning of existing conifers, on 6 hardwood-dominated EA units (9h, 18, 19, 21, 21n, 41).

The acreage amounts listed by treatment type in Tables 1 and 2 in the original document are correct.

Please direct requests for copies, questions, or comments to Coos Bay District BLM, 1300 Airport Lane, North Bend, OR 97459-2000, ATTN: Paul Leman; call 541-756-0100; FAX 541-751-4303, or email OR_CoosBay_Mail@blm.gov, ATTN: Paul Leman.

Sincerely,

Paul T. Flanagan /s/
