Applicant: Michigan-California Lumber Company

Description of Proposed Action:

The proposed action is the issuance of an O&C Logging Road Right-of-Way Permit to Michigan-California Lumber Company, under the provisions of 43 CFR Subpart 2812, and P.L. 94-579; 90 Stat 2743. This has been designated as Permit No. M-5016 (OR 065405). The requested period of use is for 7 Months, with the possibility of one-year extensions at the discretion of the Authorized Officer. The permit will allow commercial hauling of approximately 150 MBF of private timber over existing U.S. road(s). Utilization of these roads would, by itself, not facilitate any ground-disturbing actions on federal lands. The permit would not be a determining factor as to whether ground-disturbing actions would occur on private lands.

The area to be harvested is identified as:

Area to Be Harvested			
T.	R.	Sec.	Subdivision
35S	2E	36	SW ¹ / ₄
36S	2E	1	E ¹ / ₂ NW ¹ / ₄ &W ¹ / ₂ NE ¹ / ₄
36S	2E	2	NE ¹ / ₄ SW ¹ / ₄

The following table identifies the U.S. roads to be used, estimated timber and/or mineral volumes to be hauled over each road and the anticipated haul periods:

BLM Roads to be Used						
BLM Road and Segment No.	Seg. Length	Length to be Used	Surface Type	Haul Period	Estimated Timber Volume to be Hauled (MBF)	Estimated Mineral Volume to be Hauled (CY)

36-2E-7.0	B3	0.30	BST	7 Months	100	N/A

The haul route and affected roads are located in Jackson County on BLM lands administered by the Butte Falls Resource Area and crosses federal land classified as matrix and/or across private lands over which BLM controls the road through a private easement or reciprocal right-of-way agreement. The specific roads to be used and area to be harvested are located on the attached map labeled as Exhibit A.

The Right-of-way Holder agrees to indemnify the United States against any liability arising from the release of any hazardous substances or hazardous wastes.

CL-1 –Cultural

If in connection with any operations within the right-of-way area, the Right-of-way Holder, its agents or contractors, encounters or becomes aware of any objects or sites of cultural value, such as historical or pre-historical ruins, graves, grave markers, fossils or artifacts, the Right-of-way Holder, its agents or contractors, shall immediately suspend all operations in the vicinity of the cultural value and notify the Authorized Officer of the Bureau of Land Management of the findings within 24 hours. Operations of the Right-of-way Holder, its agents or contractors, may resume at the discovery site upon receipt of written instructions and authorization from the Authorized Officer.

Plan Conformance Review

This proposal was not scoped and the public was not involved in its development. This proposal is consistent with policy directed by the following:

- *Final Supplemental Environmental Impact Statement and Record of Decision for Amendments to Forest Service and Bureau of Land Management Planning Documents Within the Range of the Northern Spotted Owl* (Northwest Forest Plan FSEIS, 1994 and ROD, 1994);
- *Final-Medford District Proposed Resource Management Plan/Environmental Impact Statement and Record of Decision* (EIS, 1994 and RMP/ROD, 1995);
- *Record of Decision To Remove the Survey and Manage Mitigation Measure Standards and Guidelines from the Bureau of Land Management Resource Management Plans Within the Range of the Northern Spotted Owl* (USDI 2007); and
- *Medford District Integrated Weed Management Plan Environmental Assessment (1998)* and tiered to the *Northwest Area Noxious Weed Control Program* (EIS, 1985).

The proposed action is in conformance with the direction given for the management of public lands in the Medford District by the Oregon and California Lands Act of 1937 (O&C Act), Federal Land Policy and Management Act of 1976 (FLPMA), the Endangered Species Act (ESA) of 1973, the Clean Water Act of 1987, Safe Drinking Water Act of 1974 (as amended 1986 and 1996), Clean Air Act, and the Archaeological Resources Protection Act of 1979.

This proposed action is consistent with management direction in the Medford District Resource Management Plan that directs the BLM to continue to make BLM-administered lands available for needed rights-of-way where consistent with local comprehensive plans, Oregon state-wide planning goals and rules, and the exclusion and avoidance areas identified in the Resource Management Plan (USDI 1995, p. 82).

Categorical Exclusion Determination

This proposed action qualifies as a categorical exclusion as provided in United States Department of the Interior Departmental Manual 516 DM 11.9.E.16. This section allows for "Acquisition of easements for an existing road or issuance of leases, permits, or rights-of-way for the use of existing facilities, improvements, or sites for the same or similar purposes."

Before any action described in the list of categorical exclusions may be used, the "extraordinary circumstances," included in 516 DM 2, Appendix 2, must be reviewed for applicability (See attached review). After review, the BLM determined no extraordinary circumstances exist that would cause the proposed action to have a significant environmental effect. The action will not require additional analysis.

ADMINISTRATIVE REMEDIES:

Administrative review of right-of-way decisions requiring National Environmental Policy Act (NEPA) assessment will be available under 43 CFR Part 4 to those who have a "legally cognizable interest" to which there is a substantial likelihood that the action authorized would cause injury, and who have established themselves as a "party to the case." (See 43 CFR § 4.410 (a) – (c)). Other than the applicant/proponent for the right-of-way action, in order to be considered a "party to the case" the person claiming to be adversely affected by the decision must show that they have notified the BLM that they have a "legally cognizable interest" and the decision on appeal has caused or is substantially likely to cause injury to that interest (See 43 CFR § 4.410(d)).

EFFECTIVE DATE OF DECISION

This is a lands decision on a right-of-way action in accordance with BLM regulations at 43 CFR Subpart 2812. All BLM decisions under 43 CFR 2812 will become effective on the day after the expiration of the appeal period (30 days after the date of service) where no petition for a stay is filed, or 45 days after the expiration of the appeal period where a timely petition for a stay is filed, unless the Director of the Office of Hearings and Appeals or an Appeals Board has determined otherwise in accordance with specified standards enumerated in 43 CFR 4.21(b).

RIGHT OF APPEAL

This decision may be appealed to the U.S. Department of the Interior, Office of Hearings and Appeals, Interior Board of Land Appeals (Board) by those who have a "legally cognizable interest" to which there is a substantial likelihood that the action authorized in this decision would cause injury, and who have established themselves as a "party to the case." (See 43 CFR § 4.410). If an appeal is taken, a written notice of appeal must be filed with the BLM officer who made the decision in this office by close of business (4:30 p.m.) not more than 30 days after the date of service. Only signed hard copies of a notice of appeal that are delivered to the Medford District Office, 3040 Biddle Road, Medford, Oregon, 97504 will be accepted. Faxed or e-mailed appeals will not be considered.

The person signing the notice of appeal has the responsibility of proving eligibility to represent the appellant before the Board under its regulations at 43 CFR § 1.3. The appellant also has the burden of showing that the decision appealed from is in error. The appeal must clearly and concisely state which portion or element of the decision is being appealed and the reasons why the decision is believed to be in error. If your notice of appeal does not include a statement of reasons, such statement must be filed with this office and with the Board within 30 days after the notice of appeal was filed.

According to 43 CFR Part 4, you have the right to petition the Board to stay the implementation of the decision. Should you choose to file one, your stay request should accompany your notice of appeal. You must show standing and present reasons for requesting a stay of the decision. A petition for stay of a decision pending appeal shall show sufficient justification based on the following standards:

1. The relative harm to the parties if the stay is granted or denied,
2. The likelihood of the appellant's success on the merits,
3. The likelihood of immediate and irreparable harm if the stay is not granted, and
4. Whether the public interest favors granting the stay.

A notice of appeal with petition for stay must be served upon the Board, the Regional Solicitor Michigan-California Lumber Company at the same time such documents are served on the deciding official at this office. Service must be accomplished within fifteen (15) days after filing in order to be in compliance with appeal regulations. 43 CFR § 4.413(a). At the end of your notice of appeal you must sign a certification that service has been or will be made in accordance with the applicable rules (i.e., 43 CFR §§ 4.410(c) and 4.413) and specify the date and manner of such service.

The IBLA will review any petition for a stay and may grant or deny the stay. If the IBLA takes no action on the stay request within 45 days of the expiration of the time for filing a notice of appeal, you may deem the request for stay as denied, and the BLM decision will remain in full force and effect until IBLA makes a final ruling on the case.

HOW TO FILE AN APPEAL
