

# Appendix D<sup>1</sup>

## Land Ownership Summary

### Public Lands Currently Withdrawn

A withdrawal is a formal action that accomplishes one or more of the following actions:

1. Transfers total or partial jurisdiction of Federal land between Federal agencies.
2. Segregates (closes) Federal land to some or all of the public land laws and/or mineral laws. Segregation may be withdrawn from operation of the general land laws and closed to non-metalliferous mining (cement quality limestone, diatomite etc.), but open to metal mining (gold, silver, mercury etc.); or withdrawn from operation of the general land laws and the mining laws; or withdrawn from the general land laws.
3. Dedicates land for a specific public purpose.

Three major categories of formal withdrawals exist: (1) Congressional Withdrawals, (2) Administrative Withdrawals, and (3) Federal Power Act or Federal Energy Commission Withdrawals (FERC).

1. Congressional Withdrawals are legislative withdrawals made by Congress in the form of public laws (Acts of Congress).
2. Administrative Withdrawals are made by the President (E.O. - Executive Order), Secretary of the Interior (S.O. - Secretarial Order), or other authorized officers of the executive branch of the Federal government.
3. Federal Power Act or FERC withdrawals are power project withdrawals established under the authority of the Federal Power Act of 1920. Such withdrawals are automatically created upon filing of an application for a hydroelectric power development project with FERC.

See Table D-1 for a list of the existing and pending withdrawal applications.

### Recreation and Public Purposes Act

Recognizing the strong public need for a nationwide system of parks and other recreational and public purposes areas, the Congress enacted the Recreation and Public Purposes Act (R&PP). The act authorizes the sale or lease of public lands for recreational or public purposes to State and local governments and to qualified nonprofit organizations. Examples of typical uses under the act are historic monument sites, campgrounds, schools, fire houses, law enforcement facilities, municipal facilities, landfills, hospitals, parks, and fairgrounds. The act applies to all Public Lands, except lands with national forests, national parks and monuments, national wildlife refuges, Indian lands, and acquired lands. BLM may sale or lease only the amount of land required for efficient operation of the projects described in an applicant's development plan.

In the Upper Deschutes planning area R&PP has been used for sewage treatment facilities in Bend, Redmond, and La Pine; golf courses; libraries; parks, and shooting ranges. Current and pending R&PP leases and transfers are included in Table D-1. In the future, it is anticipated that R&PP will be used for sewage treatment facility expansions, municipal parks, and expansion of state parks.

<sup>1</sup> Source: All acreage was determined from the Master Title Plats or estimates from the Central Oregon Public Lands map, 1998, and may differ from the acreage determined with GIS. Totals are to the nearest 10 acres. All parcels are within Willamette Meridian, Oregon.

## Lands Identified for Acquisition

The following private lands have been proposed for acquisition. Lands will only be acquired from willing landowners. Refer to Table 4 for the legal descriptions of those public lands that would be considered for acquisition.

After the table, general areas and lineal features where acquisitions will be considered are described.

<b>Table D-3 Private Lands Considered for Acquisition</b>

	<b>Subtotal</b>	1,120
	<b>Total</b>	28,580

In addition to the specific sites above, acquisitions would be desirable in certain general areas and along lineal features. These general areas and lineal features follow:

- Crook County:
  1. Southeast of Smith Rocks State Park for wildlife and recreation connectivity; parcels not identified though based on canal and river proposed trail system.
  2. Powell Buttes for access with several options under consideration.
  3. Five miles southeast of Prineville Reservoir, to block up and provide a corridor for wildlife and recreation between Alfalfa Flat and the Maury Mountains.
- Deschutes County:
  1. Southeast of Smith Rocks State Park, between Smith Rocks and O'Neil to block up and provide a corridor for wildlife and recreation. Parcels not identified, though based on canal and river proposed trail system.
  2. Three miles north of Old Tumalo Dam adjacent to Highway 30, to block up and provide a corridor for wildlife and recreation between Tumalo and Cline Buttes.
  3. In the area around Fremont and McKenzie Canyons, to block up and provide a corridor for wildlife and recreation between the Grasslands and Cline Buttes.
  4. Four miles north and 3 miles southwest of Alfalfa to block up and provide a corridor for wildlife and recreation.
  5. La Pine, for the purpose of developing and east-west wildlife migration corridor and squaring up corners.
- Jefferson County: None
- Klamath County: La Pine, for the purpose of developing and east-west wildlife migration corridor and squaring up corners.
