Information Bulletin No. OR-2006-006

To: All District Managers
Attn: Hydrologists, Fisheries Biologists, and Restoration Coordinators

From: Deputy State Director for Resource Planning, Use and Protection

Subject: FY 2005 Clean Water and Watershed Restoration Project Status Report DD: 10/30/2005

The Bureau of Land Management is directed in the FY 2005 Annual Work Plan (AWP) to prepare an end-of-year status report for Clean Water and Watershed Restoration (CWWR) projects and/or actions completed during the fiscal year. The AWP directs all offices to submit annual accomplishments by October 30, 2005. The status report must include the project number, project title, project accomplishments, and should reference the dollars expended and the program elements accomplished. The report format has been prepared to assist in your response (Attachment 1). CWWR projects include projects funded by the Washington Office or by State Office flexible funds (Attachment 2). If a project is incomplete, the District should explain the reasons and the expected completion date. In recent years, District submission of success stories and digital photos has contributed greatly to Oregon's submittal to the Washington Office. Please submit your accomplishments electronically to Rosy Mazaika (rmazaika@or.blm.gov). If you have questions, please contact Rosy at 503-808-6076.

Districts with Unions are reminded to notify their unions of this Information Bulletin and satisfy any bargaining obligations before implementation. Your servicing Human Resources Office or Labor Relations Specialist can provide you assistance in this matter.
