Subject: Oregon/Washington Safety Program Review - Rescheduled

The Oregon/Washington (OR/WA) Bureau of Land Management (BLM) Safety Program Management Review (PMR) originally scheduled for June 25-29, 2007, ([Reference IB-OR-2007-099](#)) has been *rescheduled* for September 24-28, 2007.

All districts will be visited during that week with the teams spending at least four hours at each site. The overall goal of the site visit is to form an overall assessment of the safety program on each district. This will be accomplished by using a prepared checklist of focus items as well as specific interview questions for a cross-section of managers, supervisor and employees. Please ensure that management representatives as well as employees are available to the review team when scheduled.

The specific itinerary for the review team will be available and distributed within the next few weeks. Interview documents and checklists may be reviewed on the [BLM Safety Intranet](#) home page.

Please address any questions you may have to the State Safety Office at (503) 808-6249 or (503) 808-6202 and/or your District Safety Manager.

Districts with Unions are reminded to notify their unions of this Information Bulletin and satisfy any bargaining obligations before implementation. Your servicing Human Resources Office or Labor Relations Specialist can provide you assistance in this matter.
