I am pleased to announce the 12th year of the Oregon/Washington Education Awards Program sponsored by the State Human Resource Development Committee (HRDC). This program will again provide an opportunity for eligible Bureau employees to compete for government paid training for career development. The amount of an individual award is $400.00.

Statewide there will be eleven awards, one per district and one for the State Office. Alternates will be selected in case an award is forfeited.

The amount of each award will vary according to the cost of selected employees' approved courses, books, and supplies (but not student activity fees). The employee does not receive cash, but the Bureau is billed by the education or training institution. In no case will any one award exceed $400.00.

Employees must meet the following conditions to be eligible to apply for the awards:

- Be currently employed by the Bureau of Land Management in Oregon/Washington;
- Be serving under a career, career-conditional, unlimited excepted (SCEP, STEP), or term appointment;
- Have a current record of service that is passing; and
- Be currently employed in a position that is at or below a GS-11 full performance level.

Employees interested in being considered for an education award should complete and return the attached application form (Attachment 1) to their State HRDC representative. For details on the selection process, please refer to Attachment 2.

For counseling and assistance in completing the form, contact your supervisor, administrative office, or personnel assistant. They can help you to determine how your personal goals may relate to skill and knowledge needs in the Bureau of Land Management. One of the factors upon which your application will be rated is how your proposed
training relates to these needs.

Applications must be received by the respective district or State Office HRDC representative by close of business August 29, 2003. No extensions will be granted. The application recommended by the local HRDC's must then be approved by the respective District Manager/Associate State Director by September 30, 2003, and forwarded to the State HRDC representative.

Participation in this program does not preclude a District Manager, Deputy State Director and Branch Chief from continuing to approve training for employees on a case-by-case basis for career development using colleges and universities in accordance with an approved Individual Development Plan (IDP) and Oregon/Washington policy.

**Districts with Unions** are reminded to notify their unions of this IB and satisfy any bargaining obligations before implementation. Your servicing Human Resources Office or Labor Relations Specialist can provide you assistance in this matter.

A. Name of Program: Oregon/Washington Education Award Program

Eleven awards will be granted; one per district and one in the State Office. Alternates will be selected in case an award is forfeited.

B. Summary of Program Objective: Career development for Bureau of Land Management (BLM) employees in Oregon/Washington.

Under this program, the employee will propose courses that will aid his or her performance of “official duties” and/or accomplishment of career goals. Official duties mean those tasks which are currently being performed, or which could reasonably be expected to be performed in the future. This includes potential duties in a different job or occupation. Each course proposal will be evaluated in terms of BLM needs and staffing plans, and the career development needs of the employee.

C. Location: Provided the proposed course meets the identified career goals, the employee may request courses from any institution or organization. On-site, correspondence, extension, or telecommunication classes are acceptable.

D. Program Administration:

1. The Program Administrator is the State HRDC. State HRDC members may apply.

2. An Education Award is a grant to an employee in an amount not to exceed $400.00. An award may be applied to one course or to a series of courses which continue for more than one semester or quarter. The employee does not receive the award as cash. Rather, the BLM is billed by the education/training institution or supplier for the direct cost of tuition. Books may also be paid for with BLM funds. However, they become the property of BLM and must be turned in to the appropriate BLM library upon completion of the course (employees who want to retain their books must pay for them with personal funds). The employee must pay for all student activity fees. Courses may be substituted only by written petition to the Program Administrator, who must determine whether the request for substitution preserves the purpose of the original proposal.

Only one award may be held by an employee at any one time. Study under a prior award must have been successfully completed before another award can be granted. If an employee received awards for two consecutive years, they must wait two years from the last award date before reapplying. Alternately, they may receive an award every other year.

3. The employee will not have to pay back any tuition if he/she is transferring or moving within a federal agency.

Attachment 2 – 1
4. Selection of Participants

a. All participants must at the time of application and use of the award:

(1) Be currently employed by OR/WA BLM.
(2) Be serving under a career, career-conditional, unlimited excepted (SCEP, STEP), or term appointment (refer to BLM Manual 1400-410 [rev. 10/92]).
(3) Have a current record of service that is passing.
(4) Be currently employed in a position that is at or below a GS-11 full performance level or equivalent.

b. Application Process:

(1) In accordance with instructions in the annual announcement of the program, interested employees should submit the application (Attachment 1) to their State HRDC representative. The application should be detailed with both long-range and short-range goals clearly defined, together with specific supplemental data as to how this particular course of study will be utilized to achieve those career goals. When more than one course is sought, the information must be given for each. If specific course names are not available at the time the application is prepared, the applicant should describe the general course type that is desired. The statement should also relate the separate courses to one another in terms of the career goals.

(2) Employees may submit only one application per year.

(3) The application must be signed by the employee's supervisor.

c. Following the closing date for applications, the district/State HRDC representative will assign an "identification code" to each application to maintain anonymity. Applications will be forwarded to the local HRDC for rating. Each committee shall document their selection process.

d. On the basis of the information submitted by the applicants, each selection committee will determine by consensus which applicant will be recommended to the respective District Manager or Associate State Director for approval of an Education Award. After approval, the selection will be forwarded to the State HRDC for funding. The awardees will be subsequently announced by the State Director.

e. Along with their recommended selection, the respective districts and the State Office should include at least one, but not more than two alternates (ranked if more than one). If an award is forfeited before the program begins, an alternate may be awarded the amount unused by the original recipient. Participants who leave Oregon/Washington, or the BLM, will forfeit the award and must notify the Program Administrator so that an alternate may benefit from the remaining award.
5. Use of an Education Award

A. In all cases, the Education Award funds must be obligated in the fiscal year they are awarded or the award will be forfeited. If you are unable to obligate the funds, notify the Program Administrator immediately. Courses must be completed within TWO CALENDAR YEARS from the date study began. Class attendance (or use of correspondence or self-study material) ordinarily will occur outside the person's normal duty hours. However, if the requirement to complete the course after hours would prevent an awarded from participation, office time may be approved in advance by the appropriate supervisor.

B. When each course of instructions has been completed, award recipients must, within 30 days, present their course grade to the Program Administrator, who will document that the course has been satisfactorily completed. If the recipient fails to complete the course work, they may be required to personally pay for the costs of the course(s) (refer to BLM Manual 1400-410, paragraph 1.2f. [rev. 10/92]).

C. Provided the proposed course meets the identified career goal, the employee may required courses from any institution or organization. On-site, correspondence, telecommunication, or extension courses are acceptable. This also includes study to prepare for a high school diploma equivalency examination. Grants under this program are outside, and in addition to, training and education scheduled and approved in the Annual Work Plan.

D. All of the above qualifications and restrictions must be met or the balance of any award may be terminated by the State Director.
